DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, OCTOBER 14, 1948

VOL. 45, NUMBER 37

TWO DAY FETE FOR PORTOLA HERE

SPECIAL ORDINANCES FOR JUNIPERO SERRA ARE RUSHED BY COUNCIL

Introduction of two emergency ordinances for the control of traffic on Junipero Serra boulevard took place at the regular meeting of the city council Monday night. The cause of the critical traffic situation on the boulevard, the ordinances will be made effective immediately after final passage on October 25, instead of invoking the usual thirty-day waiting period.

One sets the speed limit on Junipero Serra boulevard, now 35 miles per hour, at 35 miles per hour for that portion of the highway which is in the city limits. The other prohibits parking on the east side of Junipero Serra north of School street. The ordinance saw final passage at the meeting after Garden alley to Daly City. This three-block tract, south of Market street between Hillside boulevard and El Camino Real, will make way for construction of approximately 160 w. homes. The tract includes portions of blocks 3, 4 and 5 of Garden alley Homestead.

A donation of fifty dollars to the Portola celebration committee is authorized as the city's share of the cost of decorations and parade which will take place Saturday.

Resignations of Mrs. Muriel Jones and Mrs. Barbara Parodi, members in the municipal water department, were referred to the civil service board for review for certification of eligibility. The resignations are effective on December 16.

The council approved a preliminary report submitted by City Engineer R. A. Klassen on installation of improvements in the recently annexed Hillside Manor subdivision, and set November 22 the date for a hearing on the creation of a special assessment district in the area. Landowners in the Hillside Manor sector will be notified by mail of the hearing and creation of the assessment district to defray costs of sewers, streets and utilities.

A letter from the Lake Merced Golf Club, citing a dangerous traffic condition at the club entrance on Junipero Serra boulevard, was referred to the police commission for investigation and report.

After lengthy discussion the council served a proposal by the civil service board of reviews to permit extension of civil service eligibility lists for two years, and promotional lists good for three years.

The poundmaster's salary was raised from \$190 to \$230 dollars per month, with no minimum or maximum wage, as recommended by the civil service board.

Complaints from the floor included a request by Tom Callan for installation of sidewalks on Washington street between Dunker and Railroad avenue, and a request by ex-Councilman Ed Canvener that the speed limit on San Jose avenue be more strictly enforced.

City Engineer Klassen reported at installation of new traffic signals on Mission, Hillcrest, Wellington, and San Jose avenue had been ordered and that the work would start as soon as plans can be completed by the State highway department.

Should a course in sex education, presented by a competent instructor, be taught in our public schools?
After viewing the film "Human Growth," sponsored by the P.T.A., at the high school auditorium last week, 74 out of 76 in attendance did they like the film? Yes, 75; no, 1.
Were you embarrassed by the film? No, 75; yes, 1.
Would you object to showing it to children? No, 71; yes, 4.
The film, which was developed by the University of Oregon as a means to teach sex education in the public schools, may be shown again if enough people are interested. The showing will be open to the public without charge.

County Now Has 105,089 Voters; City Has 7,008

A record registration of San Mateo county voters totals 105,089 for the November 2 presidential election, an increase of 11,000 voters since June of this year, according to Russell J. Patterson, chief of the county's registration department. Registration in the 1944 presidential election was 77,222 voters.

Democrats registered 7,467 more voters than Republicans, Patterson said.

Daly City now has 7,008 voters, broken down as follows: Democrat, 4,800; Republican, 1,855; Prohibition, 1; Pop. 4; Non-Partisan, 348.

Registration for cities shows San Mateo, 18,554; Redwood City, 11,972; Burlingame, 11,819; South San Francisco, 8,161; Daly City, 7,008; San Carlos, 6,023, and San Bruno, 5,904.

MUSTANGS, OCEAN FOOTBALL CONTEST SUNDAY MORNING

The hot-and-cold Daly City Mustangs will have a chance to prove their worth Sunday at Jefferson field when they meet a strong Ocean A.C. football eleven at 11 a.m. Admission is one dollar, with student body ticket-holders gaining entrance for 50 cents.

Both teams have beaten the Mountain View Apaches in California Athletic competition, the Mustangs winning 12 to 6 while Ocean topped the Apaches by a 12 to 0 score.

Boasting a host of former San Francisco All-City high school stars, the Ocean eleven, coached by Mert Dilley, will outweigh the Mustangs, but Harland Fernando, Daly City mentor, was conceding the opponents no edge in Sunday's contest.

Duke Marlow, former Poly high star, is the spearhead of the Ocean attack.

Ferrando will pin his hopes on a new spark evidenced last week by the entire Mustang squad, with an eager heaver line and the running and passing of Bob Plyer.

Group To Ask San On Objectionable Books

Sixty-two Catholic organizations in San Mateo county plan to carry a campaign before all city councils in the county and the board of supervisors during the next two weeks to rid the area of objectionable comic books, according to Donald L. Splain, Burlingame accountant and leader of the move.

Laws similar to one proposed in San Francisco, governing sale of comic books, will be sought, Splain said. Some of the lurid comic books had been called "insidious propaganda machines for crime."

Other questions asked and the answers are as follows:
Have you ever seen a film of this sort before? Yes, 21; no, 55.
Did you like the film? Yes, 75; no, 1.

Were you embarrassed by the film? No, 75; yes, 1.
Would you object to showing it to children? No, 71; yes, 4.
The film, which was developed by the University of Oregon as a means to teach sex education in the public schools, may be shown again if enough people are interested. The showing will be open to the public without charge.

Eight American Legion Auxiliary Members At District Meeting

Eight members of the Daly City Unit No. 410, American Legion Auxiliary, attended the 26th district meeting at the Millbrae Community Church October 8.

READY FOR FOOTBALL PAGEANT

Saturday will be a big day in Daly City and San Francisco, when the Portola Trek comes to town after a 108-day journey from San Diego. Above, University of San Francisco rooters don costumes for their gigantic football pageant Saturday at Kezar stadium. Jack Riordan, Dons' yell-leader, and Frank Shaw talk up the game to Lorraine Harrington and Rosalie Kermoian.

COLMA ACTS AGAINST CEMETERY VANDALS

Colma councilmen Wednesday drafted an ordinance calling for strict penalties for anyone caught committing malicious acts in graveyards, after a three week wave of vandalism and thievery in the cemetery district.

Councilman John H. Price said flowers, shrubs and floral pieces have been stolen and bushes trampled in the cemeteries recently.

State Gives Sunnyvale \$105,000 Armory Bldg.

The state public works board this week approved expenditure of \$115,000 for construction of national guard armories in 11 California cities.

Oxnard, Sunnyvale, Willows, Napa, Montebello, Nevada City, Redlands and Orange will have one-unit armories costing \$105,000 each; Culver City and El Cajon will have two-unit structures costing \$125,000.

VISION TESTS BEING MADE ON CHILDREN

Vision tests for all schools in the Jefferson elementary school district are now in full swing under the direction of Mrs. Sylvia Eastham.

Mrs. Earl Wight, health chairman of the Woodrow Wilson P.T.A., and a voluntary committee are assisting her.

Local Boy Wins Swimming Honors

Swimming his way to local fame, Joseph L. Bocci, 11-year-old son of Mr. and Mrs. Joseph L. Bocci, 62 Cavour street, Daly City, took two honors at the Boys' Annual Recreation Department Swimming meet held at Crystal Plunge Saturday.

Joseph took first place in the 25-yard freestyle for 11 years and under and second place in the 35-yard freestyle for boys 13 years and under.

Sharp Park Resident Fined For Mischief

"Malicious mischief" cost Joseph Walker of 106 San Jose street, Sharp Park, \$41.04 at the Daly City municipal court Friday.

PAGEANT TO PRECEDE GRID GAME SATURDAY

An hour-long, pre-game pageant, with fifteen bands and 55 marching units led by Portola Queen Anne Bucher and Mike "Don Gaspar" Desiano will begin at 1 p.m. Saturday in Kezar Stadium before the U.S.F. Dons and Oklahoma A & M Cowboys football game.

Van der Werff Claims School Board Is Not Involved In Dispute

In an article in last week's Record, Andrew Van der Werff, chairman of the board of trustees of the Jefferson school district, claims he was misquoted, for which The Record staff apologizes. The article commented on school board reaction to a printed lodge distributed by the "Annexation Study Committee," in which the board was accused of failing to improve existing school facilities in Daly City.

This week, Van der Werff said, "The school board has nothing to do with the annexation and is concerned only with obtaining better schools and the welfare of school children."

Snell And Hannah Attend Convention

James Snell, superintendent of elementary schools, and Stanford Hannah, principal of Jefferson high school, attended the State Convention of city, county and district superintendents at Long Beach last Wednesday, Thursday and Friday.

Outstanding educators spoke at the convention. They included Dr. Roy Simpson, state superintendent of schools, Dr. Willard Goslan, superintendent of schools at Pasadena, Dr. William Goslan, dean of education at Stanford, L. E. Parmenter of Chicago, and various members of the State Department of Education.

Native Dancers Hold Benefit Dance Saturday

The drill team of Darian Parlor, N.D.G.W., will sponsor a benefit dance October 16 in the California Hall at Polk street. Music will be furnished by Pete Butti and his orchestra. The public is invited.

OLPH Mothers' Club Plans Activities

The regular meeting of the Mother's Club of Our Lady of Perpetual Help School took place October 8 in the school library.

Refreshments, Mrs. Sutter, Mrs. Martin, Mrs. Gonzales, Mrs. Garcia and Mrs. Burns; music, Mrs. Denning; decorations, Mrs. Balestrieri, Mrs. Liberti, Mrs. Lamendola and Mrs. Barone; door and floor, Mrs. Tielman and the Holy Name Society cleanup, Mrs. Ennis; check-room, Mrs. Thibaut, Mrs. Marcel and Mrs. Whalen.

42 Join Sewing Class At Jefferson High

The first day for registration in the adult night school classes at Jefferson High brought 42 persons into the sewing class, nine in the metal craft, and five in the auto mechanics.

The classes will be held from 7 to 9 p.m. every Tuesday and Thursday. Registration is still open.

STREET DANCE ON FRIDAY NIGHT HERALDS PORTOLA CELEBRATION WITH PARADE SET FOR SATURDAY

FIVE NATIVE DAUGHTERS HURT IN AUTO CRASH

Mrs. Fredrika Volkman, of Washington, and Mrs. Katherine Wight of San Francisco, were being treated for shock at Woodland hospital following an automobile accident Tuesday night on a county road four miles north of Woodland.

The women, members of El Dorado Parlor No. 181, Native Daughters of the Golden West, were en route to an official visit to the Woodland Parlor in a car driven by Mrs. Christine Hulme of 140 Miriam street, Daly City. The accident occurred when the car failed to respond while negotiating a turn in the road.

Two other passengers, Mrs. Dorothy Donofrio, 257 Hillcrest drive, Daly City, and Pauline Quirolo, of San Francisco, were treated with Mrs. Hulme at the hospital, but were released to return home by bus.

HOOSEGOW OPERATORS NET THREE HUNDRED

Twelve kangaroo court hoosegow operators, headed by chairman George Wheeler, in two trucks loaned by Ernest Herbstreit and Jay Johnson, had hauled in more than 150 bearded males by Thursday morning and netted fines totaling more than three hundred and thirty dollars. This amount is more than the customary take at the reserve municipal court held on Friday.

Proceeds from the hoosegow, as well as the Portola Ball to be held Saturday night at the high school, will be used to defray decorating expenses and costs for the free street dance Friday night at Hillcrest drive and Mission street, with surplus going to purchase new uniforms for the Daly City Band.

American Legion Dinner October 23

Spanish costumes and decorations for the Portola Festival will soon be supplanted with the gay devilry and dress of the Halloween spirit.

The costume pot-luck dinner and dance of Daly City Post No. 410 of the American Legion and auxiliary will be one of the first celebrations of All Saints Day.

COMMUNITY CHEST DRIVE STILL LAGS

Still behind in its drive to raise \$6,000 as Daly City's Community Chest quota, the local committee, headed by attorney Frank B. Blum, will open a booth in the lobby of the city hall beginning Friday, Blum said. The booth will be operated by members of the American Legion Auxiliary, headed by Mrs. Kraemer.

Jefferson Gridders Beat Menlo, 25-6, As Lunghi Shines

Even the most rabid supporters of the green Jefferson Indian football squad were cheered last Friday when Coach Glenn South's aggregation clicked off a 25 to 6 win over Menlo School on the local gridiron.

Diminutive quarterback Don Lunghi opened the Indian scoring in the first period by romping 15 yards to a touchdown. The peanut back tallied again on a 25-yard run in the third quarter, and Rico Offenello followed by scoring in the same canto from the nine-yard line. Fullback Bob High plunged over the goal line in the fourth quarter for the final score.

With the game in the bag, South used his second and third stringers during the final half, permitting a lone Menlo tally near the close of the game.

The Indians, with only one returning veteran from last year, appeared to be shaping up and handled their T-formation assignments in good order. With a light backfield, the gridders are striving to make up with speed what they lack in weight.

WESTLAKE ANNEX WILL BE PROPOSITION "B"

Ordinance 279, passed by the city council in July and providing for the annexation of the Westlake area, will appear on the November 2 ballot as proposition "B," according to the county clerk's office. A referendum petition resulted in the measure being submitted to the voters for approval.

Proposition "A" will give voters an opportunity to vote on whether or not the county executive shall remain an elective position or become one appointive by the county board of supervisors.

No arguments for or against either propositions will be included with sample ballots.

Local Soldiers Can Use Radios

A plea for broken-down radios, expressed in The Record two weeks ago on behalf of GI's stationed at Camp Daly City, has resulted in about a half dozen radios being donated to the Army boys, according to Sgt. 1st Class Vernon Garland.

The soldiers at the desolate post can use additional radios of all types, however, Garland said.

A phone call to Delaware 3-9934 between noon and 2 p.m. will result in an army representative calling to pick up your surplus or obsolete set.

Find Safe In Gully But Empty, By Golly

Daly City police officers, sheriff's deputies and S.F. police investigators climbed down a deep gully in the hills behind Daly City Saturday to recover a safe stolen two weeks ago from a S.F. auto parts firm.

The safe had been stolen from the Bay City Truck Parts company two weeks ago. A pickup truck, also taken by the burglars, had previously been recovered in Colma.

Thirty-five dollars was missing from the safe, but company records and books were found to be intact.

LEGION UNITS TO VIE IN CONTEST FOR MEMBERSHIP

A challenge from the San Bruno Unit of the American Legion Auxiliary will spur members of the Daly City Unit No. 410 on to achieve their quota in the membership drive. The unit reaching their quota first will be given a party by the losing unit. Quota for Daly City Unit is 84. San Bruno's quota is 102.

The challenge was made at a luncheon at the Fireside restaurant in San Mateo last week. President Lillian Felch and Membership Chairman Ethel Harris were at the luncheon.

Veterans' Rights, Benefits Topic For Conference

The latest information on rights, benefits and problems affecting veterans in San Mateo county will be discussed on Friday, October 15, at a Veterans Service Conference in Sacramento, which Floyd D. Granger, veterans service officer, will attend.

The agenda for the conference, Granger said, was drawn up from suggestions made by service officers, service center directors and others working with veterans. The suggestions were based on day-to-day contact with individual veterans and their problems.

Specialists from various federal and state agencies will lead discussions on such topics as disability compensation, GI Bill subsistence payments, National Service Life Insurance, homesteads, reemployment rights, out-patient medical service and state and federal educational benefits.

The conference is one of a quarterly series sponsored by the State Department of Veterans Affairs. More than 100 active workers in the field will be present.

With all plans completed, a two-day Portola celebration will start with a free street dance Friday night at the corner of Hillcrest drive and Mission street, to be followed by a welcome and parade for the arrival of the Portola Trek riders Saturday noon, a peacetime at Jefferson high football field following the parade, and a Portola Ball Saturday night at the high school auditorium.

Tickets to the ball may be obtained from any Daly City merchant at one dollar per couple, and prizes will be awarded to the best-costumed couple.

A feature of Saturday's parade will be the appearance of Father Aiden Colloff, a native of Daly City, who will be present in robes of the Franciscan order. Father Colloff is stationed at St. Boniface church in San Francisco.

Among the mounted groups lined up for the parade by chairman Eddie Allen will be the San Mateo Sheriff's Posse, Sharp Park Mounted Patrol, Rancho El Camino riders, marching units from the Eagles Auxiliary and Veterans of Foreign Wars, and a number of floats including grammar schools, Druids and the Colma Italian-American club. R. L. Stevens will provide two cars for city officials.

The parade will form in front of the city hall at 12 noon Saturday and will wind its way down Mission street to School street; down School street to station avenue, and over Station avenue to the high school football field, where a Portola Pageant will be presented.

Daly City will be the last stop of the Portola Trek on its 108-day trip from San Diego to San Francisco, and hundreds of San Franciscans are expected to come out as an advance welcome to the riders. After leaving here, the Trek will stop at Mission Dolores and will end its march at San Francisco's Aquatic Park to touch off a two week period of parades and celebration in San Francisco.

The two-day local celebration will be presented under the auspices of a combined committee of merchants, civic and fraternal clubs. Edward Allen heads the parade committee; Mrs. Marie Sorensen, dance decorations; Pete Markovich, publicity; George Wheeler, hoosegow; Ed Lopez, dance, and Ted Hopman, street decorations.

MRS. JONES, PARODI RESIGN CITY JOBS

Two openings in city employment will be available in December, it appeared today after two resignations in the city water department were received by the city council Monday.

Mrs. Muriel M. Jones, senior clerk in the department of water collection, submitted her resignation, effective December 1, 1948, and her assistant, Mrs. Barbara Parodi, asked to be relieved of duty on December 16.

The council referred the positions to the Civil Service Board of Review for certification of eligibles to fill the positions.

RED CROSS, CITY OFFICIALS MEET

Coordination between city officials and the two San Mateo county chapters of the American Red Cross in disaster preparedness and relief will be discussed at a public meeting Tuesday night at the San Mateo city hall auditorium.

Mutual aid planning between neighboring communities will be discussed, with a question and answer program following.

New Speed Limit To Be Effective

Motorists inclined to be a little on the speedy side will have to watch their speedometers a little closer while driving on Junipero Serra boulevard from now on.

The speed limit will be cut from 55 miles an hour to 35 miles per hour from 90th to the county line, according to Chief Wilbur Sunderland of the Daly City Police Department.

Sunderland also announced that parking on the east side of the street from School street and extending 730 feet north, would be prohibited. The new regulations are included in city ordinances which go into effect in two weeks.

COMMUNITY CHEST

The annual Community Chest appeal for funds is being made this month as is the usual custom. This appeal should find a ready response from the American people.

The Community Chest has proved its value and usefulness over the years in helping the needy, preventing juvenile delinquency, and providing wholesome recreation and group training for the underprivileged.

To carry on this constructive work the organization must have adequate funds. The rising cost of all things makes it necessary that we increase our donations so that no worthy activity will have to be curtailed.

We are spending billions abroad to help other nations. We should be willing to spend a tiny fraction of that amount to help those here at home who deserve assistance.

So, when the Community Chest solicitor comes to your home or your office make it a point to give all you can. You'll be contributing something more than money — health, happiness and encouragement to needy fellow citizens.

GET A MUZZLE

Free speech is a wonderful thing but there are times when its use — we should say abuse — is particularly bad. For instance, Senator Eastland of Mississippi recently let loose with the comment that we should threaten to use the atomic bomb on some major Russian city if the Berlin blockade isn't lifted. Now, the senator's exasperation toward the Soviets is understandable, but such talk only does harm. It provides fodder for the Communist propaganda machine and puts our representatives at the Paris United Nations meeting on the spot.

A lot of us feel like blowing off steam about the Berlin situation. Persons in responsible positions, however, such as Senator Eastland must be, or should be, more discreet. As long as there is the slightest possibility of working out the Berlin impasse through peaceful means we should work toward that end. It's easy enough to start shooting; the real job is to keep the peace.

POOR JUDGEMENT

People who toss eggs at political speakers have no concept of fair play — or of the price of eggs.

DE GAULLE: WHAT "OTHER MEANS"?

General Charles de Gaulle may be getting too big for his political breeches. His threat to take "other means" to seize power in France if the French people are not given a chance to elect him, sounds very much like the line of talk Hitler once used.

With the Communists on one extreme and De Gaulle on the other it's understandable why most Frenchmen want to stick to the middle course.

IT HAS BEEN SAID . . .

To be able to stand success is the greatest success of all.

REJUVENATED MUSTANG ELEVEN BEATS MOUNTAIN VIEW GRIDDERS, 12 TO 6

By Tom Tromborg

The single wing roared in all its football glory last Sunday, as a fired-up Daly City eleven powered its way to a 12 to 6 victory over Mountain View. Sparked into a fighting, driving grid machine by the sensational running and passing of Bob Plyer, the boys from Fog Hill were never to be denied. The game itself was a hard bruising battle of the forward walls. With a highly spectacular passing parade by the backfields of the two teams.

The Mustangs did all their scoring in the first half, as they drove from their own ten to score from the fourteen-yard line, when Bob Plyer twisted and turned his way off his own right tackle, going into the end zone standing up. The attempt for conversion was wide and the first quarter ended with the Mustangs holding a 6 to 0 lead.

Neither team put on a sustained drive in the second quarter, but a Mountain View pass thrown from their own ten and line was intercepted by Bob Grimes on the Apache 40, and from here the former Jeff high star showed a fine display of running as he returned it to the eleven-yard line of Mountain View. On this play the Mustang down field blocking was something beautiful to watch, as it was all afternoon. From here a series of off-tackle and guard plays carried Bob Plyer again into the end zone, beating the half time clock by seconds.

The second half saw no scoring for the Red and White of Daly City, but the Apaches in pass and prayer desperation got a touchdown. When their left halfback took a 35-yard pass on the Mustang 45 and outran the entire Daly City secondary, in what proved to be the most spectacular play of the game. The Mustangs had two fourth-quarter drives fade on them when their offense bogged within the 20-yard line of the Apaches.

A fine Mustang forward wall led by Gene Cross, Roddy Dave, Mervin Francis, Al Bermudez, Ken Martin, Bill Fisher, Bob Stevens, and every other man from end to end, continually outcharged, outplayed, outblocked and outran Mountain View on defense and offense.

The tackle position, which has on past performances been the weakest link in the line, proved itself something just short of sensational. Ken Martin seems to have found himself and should settle down to a season of fine football as a strong tackle. Bill Fisher looked brilliant at times as he exerted tremendous pressure on the Apache quarterback whenever he went back to pass. Dyer, Coach Ferrando's crack right end caught

passes with first class regularity. The guards, as always, played a sound game of football, as was evident by the Mustang backs who repeatedly gained ground up the middle of the Apache line. The line play of Merv Francis, and Roddy Dave on offense, was vicious, and we mean that in a sense of hard driving shoulder blocks and tackles that left no ball carrier with any ideas of getting up to run for a few extra yards.

In the backfield, it was the running and passing of Bob Plyer, the blocking of Bob Grimes and Allen Pettigrew, and the pass catching of Chuck Christian, who has come a long way since his high school days at Jefferson.

Bob Plyer was without a doubt the most outstanding player on the field last Sunday, with his fine change of pace and spot passing to the flanks. The boy has natural football ability, and is endowed with the ability to stop, spin, fake a defensive man out of position, and then hit his full stride in a matter of steps.

Bob Grimes, always a good ball carrier, made lots of running yardage whenever the ball came his way.

Chuck Christian caught five passes, and one of these going for 16 yards and a much needed first down. His play on defense has been a standout all season, and of all the players on the team his improvement has been the fastest.

Austrian, the Mustang fullback, is a fine power runner and has a terrific drive for up-the-middle power plays. He has shown consistent improvement as the season progresses.

Allen Pettigrew, a boy who has developed into a fine blocker and defensive back, proved his worth last Sunday when he time and time again broke up Mountain View plays that got into the Mustang secondary.

Gerry Listman, a new left tackle for the Mustangs, has given the Daly City forward wall an added gift of strength, in a position that is in need of replacement. His line play was outstanding and brought a smile to the face of his coach, Harry Ferrando.

Let us now give some credit to a fellow that has given his fullest to the successful fielding of the Mustang football team. It goes to Harland Ferrando, who, though new at the coaching game, has moulded his team into a smooth functioning machine, that has poise, timing, and shows the efforts of a well-drilled team in football fundamentals. Next week the Mustangs face Ocean A.C. in a game that could and should well decide the true strength of the Mustangs as a football team.

WELCOME TO DALY CITY

New Families moving into Daly City recently include:

Danice Miller, 40 Abbot avenue
Lewis Bailey, 185 Santa Barbara avenue
A. E. Zipse, 750 Templeton avenue
J. W. Joyce, 87 W. Cavour street
Harvey C. Tueker, 2 Washington street
Charles T. Rawley, 592 Hillside boulevard
G. Brusa, 131 Station avenue
J. F. Gaeller, 79 Vendome avenue
J. Santoro, 1801 Junipero Serra
Ray E. Hart, 161 Citrus avenue
W. Haines, 198 Vista Grande avenue
Ernie Kaufman, 319 Santa Barbara avenue
J. W. Franklin, 156 Hillcrest drive
Ruben Lockbear, 301 Wellington street

TRAFFIC COURT

Forty-seven motorists were cited last week for failure to comply with Daly City traffic regulations.

Twenty-four of the violators were those exceeding the speed limit. Paying fines were Vincent Barstou, \$5; Joseph Bruno, \$7.50; Opal Cagle, \$5; Anthony Cardinale, \$5; Rolie Christman, \$5; Frank Dapelo, \$5; Edmond Deto, \$5; Albert Ferroggiaro, \$5; Louis Johnson, \$5; Robert Kehl, \$7.50; Robert Liringer, \$7.50; Claude Lewin, \$5; William Macy, \$2.50; Harold Martindale, \$5; Richard Morhead, \$5; William McCarthy, \$5; James Nicholas Jr., \$2.50; Wayne Ohlswager, \$5; Richard Reeder, \$7.50; George Robinson, \$7.50; Louis Silvas, \$5; George Smith, \$7.50; Fred Wagner, \$5; Richard Wezvaek, \$5.

Receiving citations for going through signals were Bruno Crociani, \$7.50; Garrett Estie, \$2.50; John Kidd, \$2.50; Amelia Markakis, \$2.50; Frank Molloy, \$5; Olga Padgett, \$2.50; Martin Palmer, \$2.50; S. H. Patterson, \$2.50; Melvin Seom, \$2.50.

Violating the parking ordinances were: Dan Hammer, \$2.50; Jacob Leichter, \$2.50; Allen Meek, \$1.50; George Pfingst, \$2.50; Wasutan Takahashi, \$2.50; Renato Pucini, \$2.50; Robert Auerstrang, \$1.50; Virginia Schmidt, \$1.50; Charles Schmale, \$1.50; Lester Stevens, \$1.50; Charles Pasey, \$2.50; R. C. Puppe, \$2.50.

Failing to yield the right of way to pedestrians were Phyllis Ralph, \$2.50; Daisy Thomas, \$2.50.

New Arrivals

Give your vote to the leading truck candidate and you'll give it to GMC!

PETER VENTURINO

5975 MISSION STREET

JUNiper 7-4848

WHETHER you spell it C-e-r-e-a-l or S-e-r-i-a-l, it means a story that goes on and on. Have you neglected to follow all the interesting things that happen in the cereal story? If you are familiar only with the breakfast chapter, you have a treat in store. For here is a dinner chapter which tells about a luscious dessert named "Princess Pudding." More than likely, family approval will dictate that this recipe be added to your let's-ave-it-again-soon list.

Princess Pudding
2 egg yolks, slightly beaten; 1/2 cup sugar; 1/2 teaspoon vanilla; 1/2 teaspoon double-acting baking powder; 1/2 teaspoon salt; 1 cup plain bran or 40% bran flakes, finely crushed; 1/2 cup chopped walnut meats; 2 egg whites, stiffly beaten.

Mix together egg yolks, sugar, and vanilla. Add baking powder, salt, and cereal, and mix well. Add nuts. Fold in egg whites. Turn into custard cups or small casserole. Bake in moderate oven (350° F.) 25 minutes, or until done. Serve with fruit sauce. Or, serve with sliced bananas and custard sauce. Makes 5 or 6 servings.

Note: If desired, use one of the egg yolks in the pudding and the other in the custard sauce.

OIL LIMIT
Motorists are cautioned by the National Automobile Club to keep the oil in the crankcase at least to the half-full mark. Despite the general use of pressure lubrication systems, modern cars take more engine cooling than their predecessors, with the result that a limited amount of oil will soon be overworked. It has been found that general oil consumption will increase as the quantity in the crankcase decreases.

Montara Association Opposes City Plan

Whether or not the six coastside areas of Half Moon Bay would incorporate into a city of the sixth class was a problem today, after the Montara - Moss Beach Improvement association announced opposition to such a plan. Communities which had considered the incorporation were Montara, Moss Beach, Half Moon Bay Airport, Princeton, El Granada and Half Moon Bay.

More than a hundred persons attended a meeting of the Improvement association recently and unanimously passed a resolution opposing incorporation. The resolution will be forwarded to the county board of supervisors.

Soaring Living Costs Blamed On 'Featherbedding'

Featherbedding — the enforced employment of men in jobs that don't exist — "is the biggest single factor in kiting today's living costs," according to the official argument supporting Proposition 3 on the November General Election ballot, on file at the Secretary of State's office in Sacramento.

Proposition 3 amends the featherbedding provisions out of the 1911 Excess Crew Law and empowers the California Public Utilities Commission to use only the

yardstick of safety in determining how many freight train brakemen should be employed.

The official argument, submitted by the California Committee Against Featherbedding, asserts that "conservative estimates show one-fifth of every dollar spent in even the most careful household is tribute paid to featherbedding." It also declares that Proposition 3 is an economic, not a political issue, and that its passage will constitute an ultimatum against featherbedding practices in all industries.

Signers of the argument are: Alfred W. Robertson, former chairman, Democratic State Central Committee, Santa Barbara; Ed Tickle, former chairman, Republican State Central Committee,

Carmel; Mrs. Leiland Atherton Irish, Los Angeles clubwoman; Thomas J. Riordan, past state com-

mander, American Legion, San Francisco; William M. Jeffers, former president, Union Pacific Rail-

road, Los Angeles; R. V. Garrod, president, California Farmers, Inc., Saratoga; and Joseph J. Deuel, di-

rector, California Farm Bureau Federation, Berkeley.

ON FRIDAY, OCT. 15, 1948

A DAY TO REMEMBER!

DALY CITY'S NEW HOME FURNISHINGS STORE
WILL BE OPEN FROM 9 A.M. to 9 P.M.
EVERY FRIDAY - FOR YOUR CONVENIENCE

Here's the kitchen
you've always wanted!

It's all electric—
It's General Electric

Let Westlake
plan your General Electric kitchen

We'll be glad to plan the most efficient arrangement—the most beautiful kitchen—to suit your needs, your budget. We're kitchen experts you can trust.

Just bring in a rough sketch of the kitchen you want, with dimensions—or call us and we'll be glad to come to your home and make the sketch for you. Then watch us go to work! Once you see the wonderful possibilities you'll want to start right away to turn your General Electric kitchen into reality.

Your plan won't cost you a penny. It can, if necessary, cover several years—through the installation of one or more units at a time.

Whether you plan to buy a refrigerator or a complete kitchen-laundry—begin with General Electric!

TO SAVE WORK—TO SAVE TIME—TO SAVE MONEY!

You can't have too many tables. Properly placed, occasional tables give a room an air of unity. They're practical too, for lamps, ashtrays, refreshments and ornaments.

Maple furniture in authentic early American reproductions is favored by many. The room above is authentic in every detail, yet is suitable to the demands of modern living.

Don't forget baby. You'll give your children a fine start in life with a room of their own. The miniature wardrobe and chest shown above will teach baby the importance of neatness at an early age.

"Functional" is truly the word for this room, which doubles as a den and guest room, with plenty of storage space supplied by the handsome twin chests. It is ideal for either a man or a woman.

Congratulations To WESTLAKE FURNITURE

Functional, or divided, sofas in bright floral patterns, once the exclusive territory of fashionable interior decorators, are now available in the same price bracket and afford a variety of arrangements.

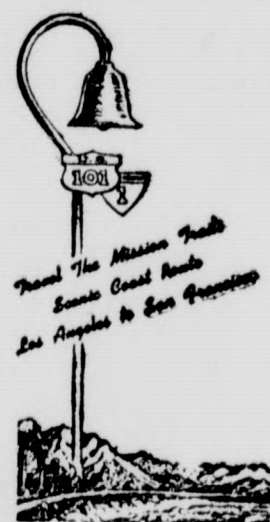

Attractive twin headboard beds with dust ruffles to match the headboard upholstery add color and charm to this bedroom designed for two sisters. The dressing table top and stool matches the headboards, and the ruffles on the curtains are bound in pale green to match the bedspreads.

A modern tracery leaf design in the carpet shown above is achieved by the blending of values of the same color. This new pattern is a distinct achievement in the popular price group. It has all the best characteristics of higher priced floor coverings.

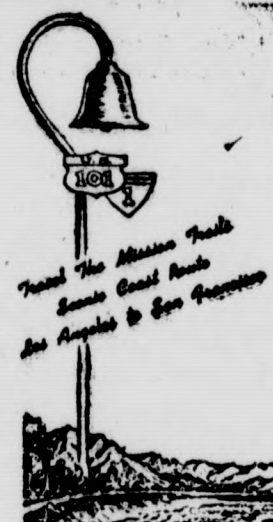

This conventional floral pattern comes in soft shades of mauve, yellow, rose and grey.

The Daly City Record has opened up its columns to both those in favor of Annexation and those against Annexation. The "For Annexation" articles are prepared by a committee headed by Al Sundstrom and A. J. Bodien; those against, by Hugh Smith, Jr. and Fred Klingler. The views expressed do not necessarily represent the views or policy of The Record, nor does The Record assume responsibility for the accuracy of statements made. In fairness to all, The Record supplies the space free to both parties.

STUDY COMMITTEE Yes For Annexation BOOSTS CIRCULARS Committee Listed

Fred Klingler, president of the Annexation Study Committee of Daly City, said today he was gratified with the response to the information being distributed by the Committee. "We have put out three circulars in regard to the Doelger Annexation Scheme, and what it means to Daly City," Klingler said. "The response has been overwhelming," he added.

"People of Daly City are giving this Doelger plan very serious consideration, especially in view of the fact they face the likelihood of paying heavily for it in taxes. One of the things creating widespread interest is the fact that assessments were raised 20 per cent on the older homes this year to provide a fund of many thousands of dollars. The mysterious thing about it is the fact there is no mention of it in the budget, nor no apparent provision for the use of the money. We are wondering whether this is the first installment on the Doelger scheme, which Daly City taxpayers will be required to pay."

Klingler said the Annexation Study Committee is doing a lot of research work on the annexation program. He explained that copies of this research can be obtained from the secretary at 151 Irvington street, telephone JU 7-3221. This information is free to the voters, Klingler added, "and we would like them to be fully informed before voting on annexation at the November 2nd election."

The most recent bulletin issued by the Committee this week, gives an interesting account of what happened in regard to Daly City's school program for which the people voted \$348,000 in bonds, out of which schools within the city limits get little or nothing, despite promises made during the campaign to put the bonds over. The Committee shows a definite link, Klingler said, between those who made the bond issue promises, and those who are now making annexation promises.

\$212,441 IN DIMES FOR POLIO VICTIMS

A total of \$212,441 in March of Dimes funds, the first checks to be advanced through the California Polio Emergency Fund Committee of the National Foundation for Infantile Paralysis, were issued this week by Parker S. Madhux, executive secretary and northern California representative of the Foundation. The sum represents the minimum amount needed by California chapters in hard-hit areas to assure continued medical care and treatment for polio victims stricken this summer.

Lower taxes for the present property owners of Daly City will result from the annexation of the "Westlake Annex" area at the election on November 2.

This was the positive assertion of leaders of the YES for Annexation Citizens Committee today in pointing out that Westlake, when developed, will more than pay for itself in additional city revenues.

The committee charged deliberate misrepresentation of facts in circulars distributed under names of Hugh H. Smith Jr. and Fred G. Klingler. "More than 2,500 new homes will be built in Westlake," said A. L. Sundstrom, general chairman of the YES for Annexation committee. "These homes, we are told by the owner of the subdivision, will sell for \$12,500 or \$14,000 and even higher."

"It can be readily realized the millions of dollars from these homes that will be placed on the assessment rolls for city purposes. The pamphlets circulated under the names of Smith and Klingler are filled with mis-statements and untruths. The people of Daly City will not be fooled by the selfish and self-seeking interests who would keep Daly City from growing."

"Every thinking citizen will vote 'YES' for approval of the annexation ordinance, passed by our city council."

Councilman Paul Green, who, with Mayor A. J. Gaggero and Councilmen Fred Bertetta and Edward J. Mooney, are strong boosters for the annexation, pointed out weeks ago that there have been 140 annexations by bay area cities since 1930 with 49 annexations of uninhabited areas by nearby cities in the year 1946 alone.

The YES for Annexation campaign committee as announced by Sundstrom and A. J. Bodien, co-chairman, includes: James Hinds, Tom Joyce, Ed Cavagnaro, Mrs. Myrtle Morrow, Mrs. A. A. Black, Emil Bertelli, John Kapon, Mrs. Juanita Adams, Hartley Appleton, Larry Shaw, Mrs. Louise Enberg, Allan Brush, Mel Hanson, Earling Seim, Ed Butenhof, G. King, Mrs. Paul Selmi, Frank Specht Jr., R. Van Zandt, August Conci, Ed Lund, Madeline Ferro, Joseph Sarto, Horace Appleton, Dean Wood, William Lagomarsino, Ed Juhnke, Mrs. Gladys Kennedy, Remi Sanders, A. Harrison, Morris Herscovitz, Sam Valentino, Joseph Garibaldi, William Degliantoni, Andrew Vireno, Don Rigler, Mrs. E. Lorenz, Arley A. Black, J. Callan, L. Kusber, Patrick Kelly, Leslie Volkman, Mrs. David Hanson, Arthur Rodg-

BOOKS NOW BRITISH 'TANGIBLE ASSETS'

London is still the rare book center of the world, reports Miss Ellen Shaffer, lecturer on rare books for University Extension, University of California, who returned this week from a spring and summer in England.

"Many books were lost in the blitzes, of course, and it is harder to find books in good condition than formerly, but London still has its host of antiquarian book-sellers and they are doing a brisk business, and their market is right at home. Now that the English can't spend much for food, or clothing, or travel to any great extent, they are buying books and antiques. I sat in the auction rooms and listened to bids rising as steadily as the ticking of a clock, and color plate books and illuminated manuscripts seemed to be bringing about four times as much in an English auction as they would retail in the United States," says Miss Shaffer.

Many buyers, she discovered, are purchasing rare books because they prefer to have tangible assets rather than pounds, which they fear may be devalued.

For University Extension this fall she will give a series of eight lectures on Fields of Book Collecting, utilizing a large number of volumes collected during her recent travels.

Vista Grande Circle Honors Mrs. Rickman

A birthday party for Mrs. Frances Rickman by members of the Vista Grande Circle No. 253, Foresters, at the home of Mrs. Lily Yates last Wednesday.

Others attending the party were Mrs. Ethel Bryant, Mrs. Florence Bryant, Mrs. Lily Pezola and Mrs. Jones.

St. Michael's Church Plans Harvest Dinner

The Holy Name Society and Immaculate Conception Sodality of St. Michael's Church are making plans for the Harvest Dinner. The affair will be held November 7 in St. Michael's Parish Hall, 32 Broad street.

ers, Edith Hall, Mrs. Eleanor Davis, Herman Lorenz, Mrs. Rita Martini, Ted Wickersham, James O'Neill, Fred Mather, Peter Bordson, William Kennedy, Paul Selmi, Mrs. Bud Shoal, R. J. Ennis, George Augustin, J. F. Fields, Mrs. Marge Foest, J. C. Grado, E. Martini, Julius Castelan, Angelo Occe, Frank Lombardi, C. Cattori, C. Kenyon, William Webb, Mrs. Ethel Appleton, Mrs. Virginia Hunter, Mrs. Kathleen Casey.

Supervisor Hails Work Of Assemblyman Dolwig

Alvin S. Hatch, chairman of the San Mateo County Board of Supervisors, today paid tribute to Assemblyman Richard J. Dolwig for his work in the State legislature. Dolwig's representation, Hatch explained, has played an important part in the development of this county, especially its highways, including the important Bayshore Freeway.

"Dolwig always has played a leading role in county affairs in the State legislature," Hatch declared. "I would be remiss if I failed to give credit where credit is due. Dolwig has extended outstanding co-operation to our board in its efforts to meet the needs of a greater San Mateo county."

"Our Assemblyman helped us immeasurably when he led the fight for a larger share of state revenues for our county. That fight resulted in increased gasoline tax funds for our highways, and a greater portion of liquor revenues for other local needs. This new revenue has aided not only the county, but every city in the county, many of which are hampered by insufficient monies in the face of rapidly increasing populations."

Miss Kathleen Day Feted At Shower

Miniature umbrellas in yellow and green were used as favors at the surprise shower given for Miss Kathleen Day last Friday. The shower was given by Miss Corrine Cuneo in her home at 681 San Diego avenue.

Guests included Mesdames A. McDonnell, Richard Little, George Roandea, E. Cuneo, John Mulcahy, George Perada, V. R. Day, A. Aiello and the Misses Corrine Cuneo, Jackie Cuneo, Dorothy Racette, Doris Vernengo, Verna Morasco, Mary Timis and Miss Day. Unable to attend were Mrs. J. Galindo, Mrs. B. Parodi and Mrs. R. Capps.

November 7 is the date set for Miss Day's marriage to Myron Heggum of Daly City. The bride-to-be is the daughter of Mr. and Mrs. V. R. Day of 401 Willits street, Daly City.

Canadian Legion Ladies Plan Bazaar

The San Francisco War Memorial building will be the scene for the annual bazaar of the Ladies Auxiliary of San Francisco, Post No. 25 Canadian Legion, October 23.

The affair will begin at 3 p.m. and will be concluded with dancing in the evening until midnight. Nellie Misner is the chairman.

Jefferson Indians Tangle With Palo Alto Here Friday

Opening the Peninsula Athletic League 1948 football season, Coach Glenn South's Jefferson Indians tangled with a strong Palo Alto high school eleven Friday afternoon at 3 p.m. on the Jefferson high school gridiron.

The Palo Alto eleven is undefeated so far this season, having whipped Salinas high 21 to 0, and Watsonville high 13-0 in pre-season practice games.

Jefferson, with a new team boasting only one returning veteran from the 1947 squad, lost to Centerville by a 13 to 6 score, but showed vast improvement last week as they overwhelmed Menlo by a 25 to 6 score.

Both teams feature a T-formation. A large crowd of local residents is expected to be on hand Friday afternoon to watch the Indians and get a line on what the Palo Alto Vikings have to offer.

The starting line-ups:

Jefferson		Palo Alto
Ritter	LER	Spaeth
Druman	LTR	Feldman
Bradford	LGR	Cartwright
Biannini	C	Lazano
Pagni	RGL	Norman
Willbanks	RTL	Anderson
Woll	RRL	Casaroli

NOV. 5 BAZAAR DATE FOR JEFFERSON PTA

The Portola Festival, "Fathers' Night" and the annual bazaar were all topics of discussion at the meeting of the executive board of the Jefferson Union high school held at the home of Mrs. Catherine Foreman last Thursday.

Committees were appointed for the bazaar which is scheduled for November 5. "Fathers' Night" is slated for October 19 with all P.T.A.s participating.

Mrs. Mary Crane and Mrs. Marge Calvin assisted the hostess with the luncheon.

MRS. ALICE DETWEILER NEW BROWNIE LEADER

Mrs. Alice Detweiler is the new leader of Brownie Troop No. 10 of Colma. Mrs. R. Damon, who is now taking leaders' training in San Bruno, is assisting her.

For the past two years, the troop was headed by Mrs. Marie Toole, who also served as a troop committee member. She has given much time and effort in the interest of the troop members.

The group meets each Monday at 2:30 p.m. at the Colma Community Center.

Christmas Parcels For Overseas Forces Should Go Early

John F. Fixa, acting postmaster, announces that arrangements have been completed by the Post Office Department, in cooperation with the departments of national military establishments, for the acceptance of Christmas parcels for the members of the armed forces serving outside the continental United States.

It is no longer necessary for members of the armed forces to make requests for parcels; they may be mailed as often as desired but should be endorsed "Christmas Parcel," and special effort will be made to effect delivery before Christmas.

Christmas parcels for overseas personnel should be mailed during the period from October 15 to November 15, the earlier the better. Parcels destined for delivery in Japan, Korea, and the islands of the Pacific should be mailed as early as possible, preferably not later than November 1.

GOOD PROSPECTS FOR DUCKS THIS SEASON

Better than average hunting prospects are in sight for California's estimated 175,000 duck hunters when the first half of the season opens at noon Friday.

Six additional days of hunting will be permitted during the season, and duck bag limits have been upped from four to five day. Except for opening day, a session limit is ten ducks, one which may be a wood duck.

The first half of California split season ends on October with the second 17-day season opening on December 23.

Christmas parcels for overseas personnel should not exceed pounds in weight or 100 inches length and girth combined.

Various services point out that personnel are amply provided with food and clothing and urge public not to include those items in the gift parcels.

Packing should be made in boxes of metal, wood or solid fiberboard or strong double-faced corrugated fiberboard tested at 200 pounds. Perishable matter will not be accepted.

They're America's
newest and finest!

How to handle high voltage power lines

It takes skill to handle high voltage lines, but it's everyday work for P.G. and E.'s highly trained crews. Welding their "hot sticks" on live-line tools—more than 80 in each kit—they service and repair California's electrical highways to keep the flow of power trouble-free. Line crews are provided with rubberized equipment that weighs 100 pounds, including sleeves, snap-on jacks, line hoses (or "snakes"), insulator hoods (or "pigs"), and blankets.

Rubber gloves designed to resist 10,000 volts give ample protection to workmen who handle "hot" lines carrying up to 4500 volts, the prescribed safety limit. With "hot sticks" special crews handle lines charged with as much as 220,000 volts.

Three years' field work, including a "hot line" training course, are required to become a P.G. and E. lineman. 600 men have qualified in the past year—men who today are helping speed more power to Northern and Central California.

For the record
Our 12,000 miles of line built since the war would reach halfway around the world.
We are adding nearly 2 million horsepower of generating capacity.
Our power expansion is the greatest in the nation today.

Work never stops on our power-building program

2. On the job fast, a repair barge grapples for the cable and lifts it from its underwater bed... guided almost to the exact spot by the distant test center. And the moment the break was discovered, other telephone people in the Traffic Control Bureau set up emergency routes to make any delay on your calls as brief as possible.

3. At top speed, skilled workmen splice in a new section and the cable is soon back in service. Although there are hundreds of underwater crossings in the West's many bays and rivers, such emergencies are infrequent. But telephone people are on the job 24 hours a day to keep your telephone ready to work for any time you need it.

4. When you make a telephone call, you hire a valuable servant for low wages... a more useful servant than ever before. It can do more jobs, run more errands. For today there are twice as many telephones in the West as ten years ago. Thousands more go in each month. And each new phone added makes your telephone that much more useful.

Parents' Night Meeting
Jefferson Tuesday

Parents attending the Father's meeting of the Jefferson elementary school P.T.A.s October 19 will see a variety of entertainment presented by students from the various schools.

Included in the entertainment will be a song by Eileen DeBernard and a selection on the electric harp by Nancy Hopper. Both are from Colma.

Girl Scouts, under the direction of Mrs. Hilda Heagney, will represent the school. They will be accompanied by Miss Winifred McHugh, Miss Lucille Hallen, and Miss Mary Ellen Hallen.

The district will also take part in the program. Mrs. Lillian Thomey is general chairman of the evening. The meeting will begin at 7:30 p.m. in the Jefferson high school.

Daughter For John And Ann Sanbrailo

Among the new residents in Daly City is two-week-old Lynn Joyce Sanbrailo, recent addition to the John Sanbrailo family of 479 Willits street.

Born September 28 at St. Luke's hospital, Lynn Joyce weighed 6 pounds 12 ounces upon arrival. The baby is being welcomed by a brother, 5-year-old John Allen, and a grandmother, Mrs. Nika Sanbrailo of 153 Santa Cruz.

Godparents of the baby will be Mrs. Martin Sanbrailo, an aunt, and Jack Sanbrailo.

MOTHER SINGERS TEA AT COM. CENTER

A group of songs by the Mother Singers was the main entertainment at the Teachers Tea given by the Colma P.T.A. October 5 at the Community Center.

Mrs. Memory Gomez conducted the group which included Mesdames Edith Anderson, Lena Banfield, Fern Brannan, Carol Freeland, Eve Hobbs, Grace Hill, Effie Jordan, Mary Lauffenberger and Marie Miller, all of Daly City, and Mrs. Lee Sturua of San Mateo.

The film "Hired Hands" was shown by a representative of P. G. & E. after refreshments were served. Albert G. Harlow, student pastor of the Broadmoor-Colma Church school was introduced.

Mrs. Margaret Damon, program chairman, was assisted by Mrs. Lillian Bertucci, hospitality chair-

Crocker Chapter Whist Next Monday

A whist party at 8 p.m. October 18 will take the place of the regular meeting of the Crocker Chapter No. 382, Order of the Eastern Star. The party will be held in the Masonic Temple at Mission and Hillcrest.

Those on the committee are Janet Turner, chairman, Isabella Malone, Victoria Grover, Margaret Archer, Yolanda Strand, Alice Prescott, Jeanette Fischer, Robert Herringa and Joseph Swan.

Refreshments will be served.

Colma PTA Meets Next Monday

Mrs. Virginia Lagomarsino will entertain members of the Colma P.T.A. at a sewing and sunshine meeting October 19 in her home, 7144 Mission street. Dessert will be served at 1:30 p.m.

Those planning to attend are asked to call JUniper 7-2128 by noon Monday. Mrs. Hilda Dennis will be co-hostess.

HOT DOGS

A new eating place, next to Williams Candy shop, was opened this week at 6692 Mission street. The hamburger and hot dog shop is operated by Arthur Wiley, former chef at LaCita of Palm Springs. Wiley also operated a business at Lake Tahoe last summer.

Westlake Furniture Holds Open House Friday, Saturday

Everyone who ever sat in a chair, slept in a bed, listened to a radio or cooked a meal will be interested in the grand opening of Westlake Furniture, next to Jefferson high school, on Friday, October 15. Westlake will celebrate its grand opening by holding open house on Friday and Saturday, with everyone in town invited to attend.

Westlake Furniture will feature complete furnishings for the home — furniture for every room, rugs, lamps, drapes, bedding and appliances of every description — and will offer convenient time payments for their customers.

In addition, Westlake will feature planned decorating tips by its staff of experienced decorators and furniture experts.

Dino Ruggeri, Guido Brocchini and Dominic D'Augusta, operators of the new store, will be on hand to greet the expected hundreds of visitors who will call on Friday and Saturday to inspect the brand new enterprise.

Westlake Furniture will be open from 9 a.m. to 9 p.m. for the open house. Normal hours will be from 9 a.m. to 6 p.m., except on Fridays, when the doors will be open until 9 p.m. for the convenience of customers. Evening hours on other nights may be arranged by appointment.

Located at 6940 Mission street, next door to Jefferson high school, the Westlake phone numbers are JUniper 5-4973 and JUniper 5-4974.

The new occupants of the Dolan Building will have more than five thousand square feet of floor space for display of their wares. The building, recently completed by Dan Dolan, has, in addition to the main floor, an upstairs mezzanine balcony and a full basement for storage of the varied articles of merchandise handled by Westlake Furniture.

The new store will be open until 9 p.m. on both Friday and Saturday and free gardenias will be furnished to lady visitors. Ladies attending the Portola ball at the high school on Saturday night are invited to stop in for a corsage on the way to the ball.

Further information may be obtained in Westlake Furniture's two pages of advertising in this issue of The Daly City Record and Daly City Shopping News.

PORTOLA PARADE AND FESTIVAL SET FOR FRIDAY AND SATURDAY

Daly City will go all out this week end as it makes plans to welcome the historic Portola Trek, which arrives here Saturday on the last lap of its 108-day horseback trip from San Diego.

The festivities have already started, with street and store decorations, beard-growing and two-wheeled hoosegows which have been used to pick up men who failed to raise beards.

Friday night, the celebration will begin in earnest with a mammoth street dance at the corner of Hillcrest drive and Mission street. A hill-billy band will grind out the music and admission is free. Half the town will be there and most of them will wear some semblance of a western costume.

Saturday noon will see the formation of a parade in front of the city hall, which will wind down Mission street to the high school football field, where the Portola Trek will present an historic pageant lasting for an hour.

The celebration will close with a Centennial Ball Saturday night at the high school. Tickets, at one dollar per couple, may be obtained from any Daly City merchant.

The parade will be something to see.

Besides the Portola Riders, 20 mounted Spanish cavaliers will be on hand to escort the principal riders. In addition, the mounted San Mateo County Sheriff's Posse and the Rancho El Camino Riders will take part.

There will be floats, bands — everything to make for a real parade. The Jefferson school district will enter a float in the parade.

After the parade, the Portola Trek will be escorted to San Francisco to open two weeks of celebration.

TAKE PART IN THE FESTIVITIES! PUT ON YOUR COWBOY HAT AND BE AT THE STREET DANCE FRIDAY — AT THE PARADE SATURDAY NOON — AND AT THE CENTENNIAL BALL SATURDAY NIGHT.

Thank you.

Gerold's Liquor Opens On Tuesday

What has been called by passers-by "the sharpest-looking store in Daly City," Gerold's Liquor at 6379 Mission street, near the Library, opens its doors for the first time Tuesday, October 19.

The modern rustic store front, featuring clever employment of glass and lighting effects, has practically made the location a landmark before its opening.

Featuring a complete line of wines, liquors and tobaccos, Gerold's will be open daily from 10 a.m. to 10 p.m. On Saturdays, 10 a.m. until midnight, and on Sundays from 10 a.m. until 9 p.m.

Ravishing Raviolis Are In Big Demand Lately

With the cold snap of football weather in the air, housewives are leaning to the serving of hot, tasty dishes, according to Tom Stanghellini, operator of Lucca's Market. He reports that raviolis, which are made fresh daily at the Lucca factory at 22nd and Valencia streets, are so much in demand lately that the supply can hardly keep up with the demand. Gallons of Lucca's fresh mushroom sauce are being sold along with the raviolis, Stanghellini said.

Broadmoor Patrolman Saves Child's Finger

Split-second thinking and action on the part of James Thomas, Broadmoor Village patrolman, kept a child from losing her finger this week.

The little girl, two-and-a-half-year-old daughter of Anthony Izzy, 615 Midway, was running out of the house to meet her father who was coming home from work, when her brother suddenly slammed the front door of their home, catching his sister's finger in it. The finger was completely severed and Mr. Izzy immediately put the child in his car and started off for the emergency hospital.

But fate was to strike again, and only a few blocks away, the car stalled and would not start again.

At this point, Patrolman Thomas came upon the tragic scene, put the child into his car and sped her to the hospital.

The doctor in the emergency ward asked Thomas where the other part of the child's finger was, so the patrolman rushed back to the scene of the accident, picked up the severed portion of the finger and whisked it back to the hospital.

His timing was perfect. The doctor was able to stitch the finger together again and the little girl will be able to go on through life with her complete set of digits.

Mrs. Duffy Home

Mrs. Frank Duffy of 6398 Mission street is home from the hospital after a major operation. Her condition is reported good.

Our Grand Canyon
Northern Arizona's Grand Canyon is 217 miles long and from 4 to 18 miles wide. The canyon averages a mile in depth and represents six of the seven climatic belts, varying from desert Mexico at the bottom of the chasm to the Arctic Alpine region at the top. Erosion by the twisting Colorado river formed this great natural wonder.

Cooking Ducks
Wild ducks can be roasted successfully in an uncovered pan. Keep the oven temperature moderate (325 degrees F.). Allow 20 to 30 minutes per pound of bird for roasting time. Wild duck meat is not only darker than tame duck but is drier. You can keep it moist by laying a few strips of bacon across the breast or baste the bird frequently with the juice of an orange—a flavor that is especially pleasing with duck.

Keeping Cut Flowers Fresh
To keep a short-stemmed flower fresh in a slim deep vase, slit the end of the flower a little and wrap around it one end of a pipe cleaner. The pipe cleaner extending into the water acts as a wick for the flower.

Cattle Disease Curb
Research to develop improved methods of combating the costly cattle disease, anaplasmosis, is underway. The disease is reported to exist in 27 of our 48 states, and is particularly troublesome in southern and south central areas of the United States. The estimated national loss from anaplasmosis last year was between three and four million dollars. In Oklahoma, alone, it exceeded half a million dollars.

Fertile Java
From fertile, colorful Java—with its chattering monkeys, carabao, working in the fields, and natives dressed in sarongs and earrings—come some of the world's most valuable products. Rubber, quinine, sugar, coffee, tea, tobacco, kapok and teakwood, plus the bountiful crops of rice that help feed the island's own teeming population, are typical items high on the list.

Crows Great Thieves
It is believed that crows take at least 30 per cent of the wild duck eggs in Canadian marshes as well as in marshes of the Great Lake states.

Paprika and Chile
Spices for the most part rate low in all nutrients and contribute little in food value to the diet. Two exceptions to the rule, however, are paprika and chile. Paprika is a red spice from a mild-flavored pod pepper and contributes important amounts of vitamin A if used lavishly in the diet. Chile, also a pod pepper, is used in large amounts in Mexico and southwestern United States. In recent years chile powder has increased in popularity. Tests show that chile, if used generously, may contribute both vitamin A and C to the diet.

Wise Old Owl
Few if any owls construct their own nests. A cavity in a tree, an old house or belfry, an old hawk's or crow's nest will do.

Warped Door
Straighten a warped door by putting a third hinge midway between those already on the door.

Shoot Blood
Certain lizards can shoot a stream of blood from their eyes a distance of five feet. A stress of great fright or anger lizards puff itself up until the bulge and then squirts a very jet of blood out of the eye. No special mechanism for this does not appear to be injured.

Florence Nightingale
Florence Nightingale, who the founder of the modern profession of nursing, led an organized revolt against physical and mental dirt. In the face of opposition, she demanded cleanliness of the women who worked with her as nurses and her orders to this group were for cleanliness. She died at the age of 90.

Cut the Lawn
To be kept in the best condition, lawns should be cut when 1½ inches above the ground.

WHAT FLAVOR WILL YOU HAVE?

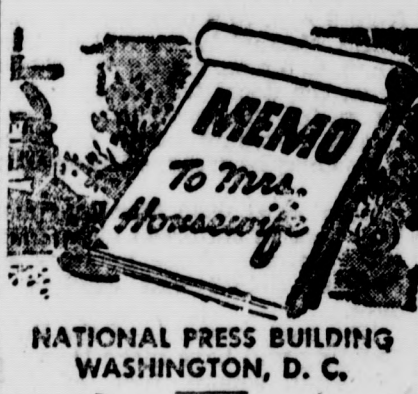

CHOCOLATE, vanilla, raspberry, peach—what is your order? Let your young hopefuls preside at their own ice cream soda parties. They'll delight in filling orders for various flavors just like the soda jerker at the drug store. A few bottles of different flavored syrups kept on hand, chilled water and sparkling water in your refrigerator, packaged ice cream from the corner store and a freezing compartment, and they are set to go.

Fresh crushed fruits make wonderful sodas, too, zipped up with rose dry ginger ale or sparkling water. Perhaps the best is a home-made soda ice cream cooler—pale dry ginger ale poured over a scoop of ice cream in a tall glass. The ice cream and ginger ale blend into delicious, tangy creaminess, smooth and cooling.

Raspberry syrup or other fruit syrups may be used for good sodas. Three or four tablespoons of fruit syrup placed in a tall glass, the glass filled with thoroughly chilled sparkling water and a large tablespoon of ice cream added is a good basic recipe. Chocolate soda, the old standby, is made by combining three tablespoons chocolate syrup and three tablespoons milk in a tall glass. Fill the glass with sparkling water and top with a ball of chocolate or vanilla ice cream.

Sparkling Raspberry Soda
½ cup mashed, sweetened raspberries
¼ cup light cream
1 scoop vanilla ice cream or raspberry sherbet
Sparkling water
Mix raspberries and cream in tall glass. Add ice cream or sherbet. Fill glass with sparkling water; stir gently. Serves 1.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

If you're in a quandary over something different to serve, why not try curly baked eggs for a change? Hard cook and season the yolk with real mayonnaise, and curry powder. Stuff and bake in a white sauce till well heated—about 30 minutes.

Speaking of eggs, the Patent Office offers rights to a suction cup which enables you to remove a hot-boiled egg from the shell without burning your fingers.

Something I want to see, which I've heard about, is a woman's brush which brushes the hair, makes a curl and inserts the bobby pin—all in one operation! Don't you?

Something to delight a child's heart, particularly at a party, is a ball of vanilla cream with features painted on with melted chocolate. With a cone hat, there's the funniest clown you've ever seen.

Saw a fashion show the other day of fall clothes, and how pretty they were. Certainly the most lady-like we've seen in years. Silhouettes were slender, shoulders were padded, but not overly so, and hips were natural. Pockets and collars were the details which made news because of their interesting treatment.

Make your youngster feel important by stitching his or her name on white bedroom curtains with colored rickrack braid. How they love the "personal" touch.

New Lavatory

A new vitreous china lavatory is 20 inches wide and 18 inches from front to back, has a raised shell back, anti-splash rim, concealed overflow, snap action pop-up waste and modern styling.

Curvaceous Chile Williams, Hollywood cheesecake specialist, will Portola Parade in San Mateo Friday a snow white horse to lead the day evening.

THE MUCH-DISCUSSED SCHOOL PROGRAM

The following letter from the State School Planning Department adds credence to our opinion that the program for spending the \$828,000 available for taking care of our school problems and eliminating dangerous hazards in our schools is being influenced in some way in favor of the Doelger and Stoneson Corporation subdivisions in total disregard for the safety of our children and of the promises made to the people of Daly City when school bonds were voted over one year ago.

Since we note a remarkable similarity in many phases of both programs, the school program and the annexation program, and since Mr. Fred Beletta is a member of both the School Board and the City Council, it seems that he is the one to whom we will have to turn for the answers to some puzzling questions before a final decision is made on both the school program and the annexation plan.

Read This Letter Carefully

State of California
DEPARTMENT OF EDUCATION
Sacramento
October 11, 1948

Board of Trustees
Jefferson School District
Daly City, California
Gentlemen:

There appears to prevail the general idea that state agencies are DICTATING the school construction program in your district and specifically are not permitting you to spend the proceeds of your bond issue to remove the students from an unsafe school building.

I am sure that matters of this kind can be resolved only in conference. May I suggest, therefore, that if your board wishes to reapproach the over-all plan for solving your school housing problems, you arrange for a conference including Mr. Parsons and myself from this office.

While the staff of this office is more than willing to reopen the entire problem in your district, you should be advised that such action could have a delaying effect upon the total solution.

It is possible, however, that such a conference could result in clearing the way for a more rapid conversion of the money from your bond issue into classrooms.

We are most anxious to assist in your school construction program.

Very truly yours,
CHAS. BURSCH
Assistant Division Chief
School Planning

At this time it would be interesting to have Mr. Bertetta's explanation of this situation. We have been told, in effect, that the state DICTATED the school program and nothing could be done to change it, and yet we were informed by the School Planning Department of the Board of Education in Sacramento that the State simply APPROVED THE PLAN AS PRESENTED TO THEM and had no idea of the dissatisfaction of the people of Daly City with the program or of their deep concern over the safety of the children attending the Woodrow Wilson School, which, in addition to being regarded as a fire trap, is also expected to collapse in case of a severe earthquake.

HUGH H. SMITH, JR.
Secretary, Annexation Study
Committee of Daly City

ASSEMBLYMAN

Assemblyman Richard J. "Dick" Dolwig, long-time resident of South San Francisco, who was in Daly City Wednesday making plans for re-election on November 2, Dolwig served at the same post with Councilman Paul Green as a captain during World War II.

Injurious to Chicks

If the brooder house is given a heavy spraying with creosote or a coal tar disinfectant, the chicks should not be placed in the house for several days. The strong fumes are injurious to chicks.

Cooking Hint

Set your casserole or fruit pie pan in a larger pie pan or cookie sheet before placing it in the oven. If its contents spill over in baking they will land in the pan, which is much easier to clean than the oven.

Peas Are Gamble

Although the garden pea is a most important food crop in America it is not well suited to small gardens in most parts of the country. Fresh peas are highly nutritious and delightful to eat, but they take too much seed, space, time and work to grow, harvest and prepare, in comparison with many other vegetables that might better be grown. They are sensitive to hot weather and are rather a gamble in many parts of the country.

Gaseous Fertilizer

In 1947 over 200,000 acres in the Mississippi delta were fertilized with ammonia. Those familiar with the development expect that more than a million acres will be so treated in 1948.

When Ducks Cannot Fly

Just before the molting period, ducks and geese fly to bodies of water where they will be safe from land enemies. The reason is the fact that they molt their primary feathers all at one time and, for a short period, cannot fly.

Last-Minute Seasoning

Add the fat for flavoring vegetables either just before the vegetables come off the stove or after you have them in a serving dish. You can get more seasoning effect from less fat that way.

Life Insurance Facts

Life insurance death benefits were paid in 1947 on more than half a million lives, with just about one half of these people under 60 years of age at death and half over 60.

New Smoke Facts

Treasury experts, who recently made a study of total tobacco use, report that cigarettes in 1946 accounted for 77 per cent of the total tobacco used in production. In 1915 cigarettes accounted for only 10 per cent.

Trackless Trolley

An experimental electrical trackless trolley line, 3000 feet long, was tried out in Paris in 1900. In the 1880's a German industrial firm brought out a "trolley wire bus." It was an open wagon which drew power from a cable that ran along an overhead wire. The electric trackless trolley of today is said to be a direct descendant of this ancient vehicle.

Turkey Feathers

Use of turkey feathers for industrial purposes apparently has a promising future. Already they are being used extensively for millinery purposes, in production of fine cloth, and in other ways.

Peas Won Votes

The Romans were so fond of peas that candidates for public office used to distribute them free to the people to make themselves popular.

Bigger Farms
While there were about 200,000 fewer farms in 1945 than in 1940, land in farms was about 88,000,000 acres greater in 1945, and harvested cropland was about 22 million acres greater in 1945.

Multiple Births
Analyzing multiple births in the five years from 1940 through 1944, the Public Health Service says: There were 138,619 sets of twins, 1,382 of triplets and 29 of quadruplets in the five years. In 1941 there were 12 sets of quadruplets; in 1943 just one.

BROADMOOR VILLAGE NEWS

By Dorothy R. Levitan

First official use of the Broadmoor Village Community Center occurred last night when the Broadmoor Property Owners Association held its board meeting there. This meeting was open to all Village residents.

The Center is a gift of the Stone-son Brothers to the residents of Broadmoor. It will be supervised by a board of trustees headed by Claude Hanrahan, Viola Murphy, Frances Davis and Dale Farnow will be trustees.

The Center is already being used for the Broadmoor kindergarten class and will be open to the public. Meetings, socials, and many other activities will be centered around the building in the future. It will be non-profit, but a small charge will be made for light, gas, etc.

The Center is expected to become the focal point of Village activities. An organized program of dances for both the younger and older generations will soon be undertaken.

Community Chest

For the purpose of collecting much needed contributions for the Community Chest, Broadmoor and Garden Villages have been divided into five precincts, with Mrs. Raymond Marovich as district chairman.

Nimitz drive, Midway avenue, Manila way and 87th street are under the direction of Mrs. Dorothy Swoverland. Mrs. John Golobich heads the solicitors for MacArthur drive, Gilman drive, 88th, 89th streets and upper Sweetwood. Louvaine drive, Heather road and Washington street are being canvassed by Mrs. Jacob Fischer's group. Mrs. Fischer also directs Garden Village, the newer streets of Broadmoor, Maddux drive and Ellis and Steward avenues. Louvaine place, lower Sweetwood drive, 90th and 91st streets and part of Washington street is chairmanned by Mrs. Fred Brehm. Each of these district captains has an able staff of workers assisting in this important work.

American Legion

"Fun for everyone" is promised by the American Legion in ballrooming their 49th Dance to be held Saturday evening at "Buffalo Bill's Own Stompin' Grounds," behind 736 Stuart street. After hearing many reports about the condition of the barn where the party is to be held, several Legion members got to work giving the place a new wood floor, paint job and an overall facelift. Now all is in readiness, according to Dance Chairman Ray Logan, and a rip-roaring time promised for all.

The party will feature square dances, cake walks and games. Prizes, including a whole lamb, a 15-pound pork loin and a frozen food locker for an entire year, will be awarded for the best pioneer costume on the place. It's only 50 cents a ticket, so the Legion cries, "Come One, Come All!"

DeBernardi Wedding

The Chapel of Lakeside was the

scene last Friday night of the marriage of Mrs. Eileen DeBernardi and Mr. Thomas Blanco. The bride, who wore a lovely blue gown, was attended by her small daughter, Eileen Jr. and Linda Caravano, who were bridesmaids. Robert DeBernardi acted as usher. The reception following the ceremony was held at the bride's home, 1707 Louvaine drive. After they return from their honeymoon, the couple will reside there.

The Vincent J. Murphys of 1708 Louvaine drive will entertain board members of the Broadmoor Property Owners Association at a cocktail party preceding the American Legion 49th Dance Saturday evening. Mr. Murphy is president of the board.

Mr. and Mrs. Ed Taylor, 1019 Washington street, are beaming with justification, over their new son, born September 28. He was named Edward Albert Taylor III and weighed 8 pounds 9 1/2 ounces at birth.

The Safety Program has improved 100 per cent in the last two months and now close to 400 families in Broadmoor are participating in it.

PENINSULA NOTES

Drop Hospital Site

The directors of the Peninsula hospital district have dropped attempts to secure a site for a new hospital in Hillsborough, after city residents and councilmen of that city entered objection to construction of a hospital within the Hillsborough city limits.

The hospital district voters will pass on a \$2,900,000 bond issue on November 2 for a new Peninsula hospital in the central county area, but no definite location has as yet been announced.

School Bonds

San Carlos voters will vote on a \$75,000 bond issue in a special election on December 7 for additions to existing schools.

Millbrae Cows Go

The historic Millbrae Dairy, long a landmark on the east side of El Camino Real in Millbrae, will be razed and the land cleared for development, according to Leslie Moore, manager of the Mills estate.

Established in 1870 and in operation continuously since then, the 400 cows in the dairy were moved to Napa this week.

(Paid Political Adv.)

A Message to DEMOCRATS

On September 17, 1948, the Houston Chronicle, published by Jesse H. Jones, a member of the late President Franklin D. Roosevelt's Cabinet, recommended the election of Thomas E. Dewey and Earl Warren.

An editorial said

"It should be obvious to all thinking people that we need a change in our National Administration. To deny this would be to close our eyes to conditions both at home and abroad, and generally to the mess we are in."

The Chronicle editorial said that however well-intentioned President Truman's leadership may be, "He has not shown the leadership necessary for the successful management of our national and international affairs. . . It has been demonstrated that Mr. Truman cannot work successfully with Congress or even lead members of his own party. . . open warfare between the executive and legislative branches of the government necessarily makes for bad administration at home and weakens us abroad."

"Asserting that an overhauling is badly needed, the editorial continued 'entrenched government has no intention of abandoning any field it has entered, so to accomplish any appreciable retrenchment will require a form of surgery which can only be executed by new leadership; by an administration that is not loaded and waterlogged with hangers-on."

"We Democrats can no longer discharge our responsibilities to our country, to our children and to our children's children by taking refuge in the fact that we have always been of a particular political faith; that we are Democrats and can vote no other ticket."

"Tradition should not dictate our decisions. When we go to the polls to cast our votes for President and Vice President for the next four years, patriotism should tell us to forget party labels this year."

"This will not be a case of leaving our party; rather our party, as we inherited it from our fathers, and as we would still like to have it, has left us."

"The Republican Party nominees, Governors Thomas E. Dewey of New York and Earl Warren of California, have both had successful experience in administering the affairs of their great states and are undoubtedly well qualified to direct affairs of our national government."

"THE CHRONICLE THEREFORE RECOMMENDS THEIR ELECTION."

HI-LITES

Jefferson Union High School

by Carol Donaldson

Something new has been added at Jeff this term. The pep girls, a group of four students, Helen Baraza, Bunny Pilloud, Jane Bernath, and Barbara Mack, work in connection with the school band. Their routines are done while the band plays. They received lots of response from the student body.

Noon Dances

Noon dances were scheduled to begin last week. They were to be held during the lunch periods in the old woodshop. The music was to be provided by the radio phonograph that was presented to the school by the graduating seniors last year. Admission to these dances will be by Student Body card only.

A contest is being held to obtain a cover design for the 1948 year book. The new photography instructor, Mr. Fulford, Miss Baciocco, the art teacher, Ray Settrini, student body president, the class president, and the editor are to be the judges. The winner will receive his annual fee.

The entertainment committee held a meeting Wednesday to discuss plans for the next dance. It is to be on October 29 and will be called the "Spook Shindig." Tickets will be 50 cents with S. B. C. The first meeting of the 1948 year book staff was held in the photo lab Wednesday, September

Cotton Insect Damage

Cotton insects destroyed 15.1 per cent of the 1948 crop, according to a report of the bureau of agricultural economics. In addition to lint, this meant 613,000 tons of cotton seed which would have produced 200 million pounds of margarine, 276,000 tons of high protein meal, and 152,000 tons of cottonseed hulls. Meal loss to insects would have provided sufficient protein for 178 million pounds of beef or 690 million gallons of milk.

Use of Vacuum Tubes

Vacuum tubes, familiar in radio and television sets, are of vital importance in modern telephone systems and in airplane navigation. Their wartime application was extensive. Now the tubes are being used increasingly in machine tool production and electric power transmission.

John Wesley

John Wesley, the founder of Methodism, was the author of the maxim, "Cleanliness is next to Godliness." Like most crusaders, he met enormous opposition in his own day.

29, under the direction of Mr. Fulford. Over forty students attended. The main purpose of this meeting was to elect an editor. No decision was reached.

The first fall meeting of the Girls' Block "J" was held Wednesday September 22. Claire Allen was elected president, with Barbara Winter as vice president, and Beverly Stein as secretary treasurer. The girls want to sell refreshments at the home football games to add money to their treasury.

Student Body card sales are coming along fine, with \$350 worth sold so far. It is hoped that we will again reach the 100 per cent goal.

Overestimate Coins

Dr. Jerome S. Bruner of Harvard university finds that children see coins bigger than they are. His subjects were 10-year-olds who had to adjust a variable circle to the sizes of different coins placed near it. The bigger the coin the more the children overestimated its size. Poor children saw the coins bigger than the rich and both groups overestimated the sizes. When disks were used instead of coins, only small random and constant errors were made. When no coins were used and the children worked from memory, the sizes were again overestimated, with the rich children making the circles markedly larger. Poorer children overestimated the size more when real coins were used.

Vehicle Accidents

More American lives were lost in motor vehicle accidents in 1945 than were lost during the past 75 years in 36 major disasters resulting from fire, flood, storm, earthquake and explosion.

Protect Garden Furniture

Any piece of outdoor furniture, such as garden or lawn benches or tables, wears out or rots much more quickly than furniture used indoors, because of its exposure to the elements. If garden furniture is to be made to last, it is imperative that it be kept thoroughly painted or varnished. If kept indoors during the winter, the repainting or revarnishing job should be done before the furniture is placed in the open for the coming season.

Uphold Court's Integrity

Only one justice of the United States Supreme court has been impeached—and that one acquitted and resumed his seat on the bench, according to the Encyclopaedia Britannica. Articles of impeachment were brought before the senate against Justice Samuel Chase in 1804 because of his acts in behalf of the Federalist party.

Food Big Item

The average family uses about a third of its expenditures for food living in feeding the family.

HI-LITES AT S. F. CITY COLLEGE

By Frank Gale

Enrollment figures will closely approximate those of last spring and fall semesters, President A. J. Cloud disclosed last week.

The final list of registration figures will not be complete until classes of community subjects are compiled. The total is expected to be between 6200 and 6300 students despite the drop in veterans.

Sports

Minus the service of Ollie Matson, the City College Rams rolled to a 25-7 victory over Sacramento JC for their third consecutive win.

Doug Wilson, substituting for the ailing Matson, scored the first touchdown from three yards out. In the second period, Ray Poznekoff scored on a 35-yard pass from Bob Toquinto. The locals sewed up the contest in the second half when Roy Georgi tallied from the three and Dick West blocked a Sacramento punt and recovered for a score. Bob Toquinto killed the only Ram conversion of the evening. Roy Poznekoff received plaudits from the Sacramento crowd for his inspired play.

Don Moretini of Daly City is being groomed for an all-conference guard berth. Don started his football career at Commerce high school in San Francisco before moving to Daly City. Last semester he sparked Bob Clark's Balboa Blues to the intramural football championship and this semester he is Line Coach Bill Fischer's pride and joy. Quarterbacks Bob Toquinto and Jack Marcus don't have to worry about protection with the speedy Moretini in front of them.

Don is majoring in business administration. After City College he will enter the University of California. The Rams, after today's huge rally, will clash with a great Marin eleven at Kentfield. In soccer, City College, after trailing 2-0, exploded in the second half to defeat the California Aggies, 6-2.

Dis an' Dat Kappa Phi will present a fashion show for the benefit of the San Francisco Center for the Blind next Thursday evening at 8 p.m. Talent from the Center for the Blind and from City College students will furnish entertainment during the intermission.

Possibility of a Shakespearean play presentation advanced another step last week when a motion was made at the student council meeting regarding approval of a \$400 budget for costumes.

Lloyd Luckmann, assistant to the president, asked for student moderators. Moderators for the orientation of voters on the forty-seven million dollar school bond issue are needed to preside at various meetings throughout San Francisco.

Next week this column will begin a series of campus organization writeups.

Bolivia Vast Nation
Landlocked Bolivia, third largest South American country, covers an area almost twice that of Texas. In its vast northeast, reaching to Amazon headwaters, are tropical lowlands larger than Texas. But four-fifths of its 3,500,000 people live at altitudes above 10,000 feet.

Used Fat
Used kitchen fat not only enters into the making of soap of various kinds but is also an important ingredient in the production of insecticides, paint, leather, tires and other products.

Importance of Eggs
"The egg is the cement that holds the castles of cookery together," once said a famous chef. You may use eggs to thicken a custard or sauce, to leaven or lighten a soufflé or cake, to hold together oil and vinegar in a creamy mayonnaise. Use egg whites to make cloudy soups clear, or an egg shell with some of the white still clinging to "settle" muddy coffee.

4-H Salesmen
The 42,350 boys and 59,588 girls enrolled in 4-H clubs in the state of Texas last year sold more than four million pounds of beef and conserved 1,261,000 quarts of food.

Westminster Hall
Westminster hall was built in 1097. The trial of Charles I, later beheaded, was held there. So was the trial of Guy Fawkes, who in 1605 planted gunpowder in the cellar to blow up Parliament. His unsuccessful exploit long has been commemorated by a traditional search of the cellars before each parliamentary session.

First Horses
The eolippus, or dawn horse, was about the size of a red fox, scientists tell us, and had a horse-like mane and tail. His front feet had four toes and his hind feet had three. By the time the Ice Age had arrived his descendants had spread all over the world, and he lived on all the continents except Australia.

Historic Bear Tracks
A wounded bear, followed by a pioneer hunter, in 1874 led to the discovery of the Oregon caves near Grants Pass in southern Oregon. The caves, deep in the heart of Mt. Eliajah, offer more than two miles of passageways and marble rooms filled with a wealth of fanciful formations.

Puerto Rican "Boom Town"
San Juan, Puerto Rico, is America's newest boom town. Here 50 million dollars is being expended for 11,000 new homes for Puerto Ricans. Two smaller projects, one for 250 homes and another for 550 homes, totaling more than eight million in costs, have already been completed. Puerto Rico is 40 miles wide, 100 miles long, and has a population of about two million people.

First Steel-Frame Skyscraper
The great Chicago Fire of 1871 wiped out the entire business district and left a third of the population homeless. The city was built with amazing speed, but with metal, brick and stone to prevent a recurrence of the wholesale destruction by the fire. Out of this development came the construction in Chicago of the world's first steel-frame skyscraper.

Meat Substitutes
Milk and eggs supply amino acids in even better amounts than does muscle meat, take less grain to produce, and contain certain food values not contributed by meat. Heart, muscle and other glandular or so-called variety cuts of meat also are superior to muscle meat in amino acids and often are available for less money.

Extinguishing Electrical Fires
An electrical fire can be extinguished by an approved carbon dioxide, vaporizing liquid or dry chemical fire extinguisher safely. These extinguishing agents are non-conductive.

Overseas Markets
Southern farmers depend on overseas markets for about half of their cotton sales, and 80 per cent of their tobacco sales.

Ball Fights Forbidden
In Washington D. C. fighting a bull calls for a penalty of five years in jail, and sickening one dog on another means a \$5 fine for the offender.

Re-Heating Rice
To re-heat rice, steam it in a colander or sieve over boiling water, or add a few tablespoons of water to the rice and heat it in a covered pan over boiling water, or in the oven.

Bicycle Racing
Six-day bicycle races drew about four million people annually in the United States, up to 1938, dropped to 1,500,000 in 1939, and have not been conducted since.

Giant Engines
"Dry land sailors" who never go to sea thoroughly test giant 26-ton marine steam engines which are so huge railroad tunnels must be avoided when they are transported by train.

San Francisco Not So Bad On Strikes In 1947 Compared To Other Cities

San Francisco was far down the list of cities involved in strikes in 1947, according to statistics just issued by the U. S. Department of Labor. With only 23 work stoppages during the year, the city was back in 16th place. New York topped the list with 340 stoppages, followed by Chicago with 126, and Detroit 98. Los Angeles was in fourth place with 78 work stoppages.

The 20 cities of the nation most affected by work stoppages together with the number of men involved and man-days idle were:

City	Number	Workers Involved	Man-days Idle During 1947
Akron, Ohio	20	17,300	182,000
Boston, Mass.	32	13,000	266,000
Buffalo, N.Y.	32	8,000	94,000
Chicago, Ill.	126	42,700	655,000
Cincinnati, Ohio	28	9,050	145,000
Cleveland, Ohio	53	25,000	585,000
Detroit, Mich.	98	123,000	1,080,000
Indianapolis, Ind.	25	10,800	175,000
Los Angeles, Calif.	78	24,600	972,000
Louisville, Ky.	30	12,500	260,000
Newark, N.J.	26	6,860	145,000
New York, N.Y.	340	110,000	2,750,000
Oakland - East Bay Area, Cal.	40	13,300	377,000
Philadelphia, Pa.	51	25,900	417,000
Pittsburgh, Pa.	53	24,400	429,000
St. Louis, Mo.	56	22,400	437,000
San Francisco	23	19,300	283,000
Seattle, Wash.	27	19,600	400,000
Scranton, Pa.	20	1,260	10,300
Toledo, Ohio	22	4,740	160,000

Electric Energy
The energy required to light a single 150-watt lamp will operate an automobile's lights, ignition, radio and heater.

Prospect for Oil
At least four major oil companies are prospecting for oil on the coast of North Carolina.

BETHEL CHARTER

Mrs. Alice Swensen, grand guardian for the State of California, Independent Order of Jobs Daughters, will be present on Visiting Bethel's night, Friday, October 15, at Bethel U.D., 4705 Third Street.

Mrs. Swensen will present the charter which the Bethel has been awaiting since May 16, Mary Jacks, honored queen, will preside.

Using Old Candles

To use up ends of old candles, melt the ends in a pan in the oven. Use the old wicks or get wicking in a hardware store. Remold in soup can and unmold by turning can around over gas flame. Any amount of paraffin may be added.

Early Day Travelling

Traveling in the early days of railroading was quite a hardship. Night travel was particularly difficult. The male traveler hung his coat on one of the wall hooks, put his feet upon the seat in front, if there was room, then lay back and went to sleep—if he could. The womenfolk could not be so comfortable, for it was not seemly for them to lift what were known as their extremities off the floor. They merely sat and dozed. At night the cars were lighted by one candle at each end, stuck in candlesticks near the doors.

NEWS FROM
THE SCHOOLS

FOODROW WILSON

The H2 and L3 have been learning about caterpillars for the past week. L-3s brought a milkweed caterpillar to school Wednesday. It made a home for it in a glass jar which has holes in the top. Every day the children bring fresh milkweed leaves to school. Every day one of us cleans the milkweed caterpillar's home and feeds him fresh leaves. From our reading in "Winter Comes and Goes" we learned that some caterpillars make cocoons and some make chrysalids and some make cocoons, both of which are winter homes for caterpillars.

The L3 and H3 grade have been making sentences that will be used in stories. The stories are to tell how to make something interesting. A toy or a book and some of them will tell the details of preparing for a trip to some place or other. This group is learning the importance of good spelling and writing.

The L4 grade brought some interesting cocoons. The class had been studying the cocoons and reading the life story of the butterfly from their science book.

The L4 drew autumn leaves for their art lesson last week. They practiced using their crayolas according to the technique suggested by the art supervisor. They shaded their leaves using yellow, brown, red, and green, blending their colors into each other. Maple and poplar leaves were used as samples.

Along with this lesson the class learned why leaves change color in the fall. They learned that colder lights change plant life, and that many trees called "deciduous" gradually lose their leaves until springtime brings new ones.

The boys and girls of the fourth and fifth grades are making maps of California placing the mountain ranges, rivers, bays and peaks on the specific points in their maps.

The boys and girls of the fifth grade are studying about seashore life in their science class. They are very interested in bivalves and ocean snails. Many interesting specimens have been brought to class.

The students of the L6 and H6 had a map study of North and South America.

Robert Riley has reported back to class after quite a severe illness.

The boys and girls are beginning to like fractions very much.

The students of the L7 grade have begun their semester study of China. China is one of the very oldest countries; its history has been traced back nearly 4,500 years. Not much is known about early China, but China was a nation before Rome was in existence.

The students of the H6 grade are studying the Spanish settlement in the Americas.

In social studies, the H7 is studying about ancient China and its many contributions to our civilization.

The L8 is studying the Declaration of Independence in connection with a study of Early Democracy in the United States.

JEFFERSON

In the recent Community Chest drive participated in by the pupils of Jefferson School in all grades, the idea of dollars and cents was secondary in importance to the idea of each one doing his part in a worthwhile community activity. The idea took hold with the result that the varying amounts contributed by the different classes totaled \$26. The three classes topping the list, in the order of their contributions, were eighth, fifth, and first grades.

Three eighth graders, Mary Frances Barnes, Janice Sproule and Theresa Sprague, attended the big air show with their parents at the airport Sunday. Each gave a colorful account of the many interesting aspects of the great show.

During this past week seventh graders have been carrying on some interesting experiments in their study of science. It has been their aim to discover how to provide a suitable environment for growing plants in the classroom. This has led to a collection of several kinds of plants. One student, Raelen Grills, brought some small boxes to school to be used as containers for flower pots or seed pans. A group of girls, with Gail Greenlee as chairman, took over the pleasant duty of decorating them. As a result, their school some will be more cheerful long after the science lesson has been brought to a conclusion.

Fifth graders, Bernard Lemp and Richard Stookey, who have visited Death Valley, told their classmates about their trip. The pupils particularly enjoyed the description of the legendary Scotty and his unusual castle.

Lowell Klaisner of the same grade gave an account of his visit to Modesto where he saw how sugar beets are grown and refined.

CROCKER

The traditional semi-annual outdoor inatural assembly and formal acceptance of the school constitution was held on Thursday, September 29 at the Crocker School. Officiating as installing

Child Shoe Comfort
A child's shoes should not be resoled for further wear unless they are 1/4 inch longer and 1/4 inch wider than the child's feet.

officer was the newly-elected president of the student body, Jean Eliason. President Eliason opened the assembly by having the salute to the flag led by Superintendent James Snell, which was followed by the singing of "America," led by Mrs. Vint and accompanied by the student school pianist, Lorraine Bergstrom. President Eliason then installed her executive officers, as follows: vice-president, Maryann Lund; secretary, Arleen Pool; treasurer, Ann Chorosi; school representatives, Carol Clarke and Ronald Laureano; sergeant-at-arms, Patsy Kirby and Ronald Dickson; school pianist, Lorraine Bergstrom.

The room representatives, making up the student council were then installed, as they were changed with the duty of seeing that the articles of the constitution given to them were obeyed. Room representatives were: Room 6, Miriam Villalbo and Leo Winn; Room 5, Elaine Martinez and Ellis Pizzi; Room 4, Margaret Michelsen and Robert Pool; Room 3, Sharon Hancock and Brower Diamond; Room 2, Donna Carlisle and Louis Cooper.

Activities of the students of Crocker school have been many and varied during the past week. Five out of six rooms contributed 100 per cent to the Red Feather campaign, with the L7 and H7 leading in the amount contributed. Students of L5 and H5 were shown still films "San Francisco" and "California Missions" in conjunction with their social science unit.

L6 pupils saw still films "Clouds and Weather" and "Climate," which are related to their study of geographical concepts. In addition, they are beginning work on a frieze depicting the voyages and explorations of the explorers and conquerors of the countries of the Western Hemisphere.

L8 boys and girls are now ready to begin map work illustrating geographic concepts which they have been studying.

Remedy for Malaria

Malaria is caused by the anopheles mosquito. The Allies discovered a secret German chemical during the North African campaign effective against malaria. It is called "Aralen," and unlike atabrine (widely used in the war) it does not yellow the skin, and yet it controls malarial attacks more quickly than either atabrine or quinine. A year's supply of Aralen for one person would cost about \$3.

(Paid Political Adv.)

FOR BETTER
COUNTY
GOVERNMENT

Vote YES On
County Proposition 'A'

At the November 2 Election

COUNTY PROPOSITION "A" provides better, modern County Government in a truly democratic way.

THE AFFAIRS of the people of San Mateo County, with an annual budget of \$7,660,010.41 constitute the largest single business enterprise in our county. It is high time we put these affairs on a sound business basis.

LET'S hire a PROFESSIONALLY TRAINED COUNTY MANAGER. Let's hire him by Civil Service process. Let's find the best man in the country. This is our only hope of lower taxes.

LET'S protect him in his job by requiring a four-fifths vote of the Supervisors to fire him.

LET'S keep sound democratic government by electing the Supervisors to make the policies, and then hold them responsible to hire a good manager to carry out those policies.

MORE than 700 cities in the United States including the two largest cities in San Mateo County—Redwood City and San Mateo—do it this way. San Mateo County should do the same.

THIS is sound, modern, efficient, democratic government.

STOP WASTE PROMOTE EFFICIENCY

VOTE
YES on 'A'
NOVEMBER 2

COMMITTEE FOR MODERN
COUNTY GOVERNMENT

COMMITTEE: Mrs. Ethel Brewer, Red Cross and Girl Scout leader, San Mateo; Homer Clarke, civic leader, San Mateo; Mrs. Vincent Callahan, PTA leader, San Mateo; Mrs. Harry S. Dana, president emerita, San Mateo County Preventionism; San Mateo; John C. Forsythe, member Burlingame Charter Study Committee, Burlingame; Ray Higgins, teamman, 1937 County Grand Jury, Sharp's Park; Claude H. Schey, former Mayor of San Mateo; F. E. Hoffmann, director, San Mateo County Floral Plaza, San Mateo; Michael Mattel, rancher, former president County Farm Bureau, Pescadero; M. B. O'Connor, labor leader, trustee, San Mateo County Building Trades Council, director, Society for Crippled Children, San Mateo; Mrs. Wells Pease, civic leader, Woodside; James L. Porter, president, San Mateo County Community Chest, Burlingame; D. A. Raybould, Clerk, Civic League, San Mateo; Joseph Sarto, hospital executive and North County civic leader, Daly City; Glenn Smallcomb, chairman, 1935 County Grand Jury, Hillsborough; Henry Wells, chairman, 1937 Charter Study Committee, Redwood City; J. Hal Cowan, trustee, San Mateo Elementary Schools; Wilson Dills, Realtor, member San Bruno Planning Commission.

Nurses' Pay

Forerunner of the modern U. S. medical department was the army hospital department authorized for the continental army in 1775. "Each regiment," said the order, "shall be equipped with one hospital there shall be a matron with every 100 sick or wounded, to supervise nurses, bedding and so forth, and 1 nurse for every 10 sick or wounded. Matrons will receive 50 cents per day, nurses twenty-four nine-tieths of a dollar."

Origin of Domestic Cattle
Domestic cattle are descended from wild cattle of the genus "Bos." Five groups are generally included in this genus. It has been estimated that cattle have been domesticated since 4,000 to 5,000 B. C. Cattle of Zebu or Indian origin have increased with astounding rapidity on the ranches of the United States.

(Paid Political Adv.)

Gauging Hose

Don't buy sheer hose for every day use if you expect good wear. "Denier," which refers to the weight of the thread, should be the guide; for example, heavy duty rayon stockings should have a 100 denier; everyday hose, 65-75 denier, and sheer dress hose, 50 denier. Gauge, each 1 1/4 inch must be considered also. Buy 51 gauge for 50 denier rayon; 48 gauge for 65 denier rayon; 45 gauge for 75 denier rayon; and 42 gauge for 100 denier rayon. Be particularly careful to get higher gauge if possible, but never lower.

Diabetes Heredity
Diabetes is most likely to occur in persons who have diabetic relatives. The disease strikes most often in middle and old age, and more women than men get it. The highest diabetes mortality is among the better-off classes, and the lowest among workers doing hard manual work.

Sodium Fluoride

One of the most harmful parasites of pigs is the round worm. Sodium fluoride is one of the best drugs that can be used against it. Sodium fluoride is poisonous. Containers should be conspicuously labeled and stored out of reach of children, household pets, and persons not familiar with its poisonous nature.

Famous Irish Castle

Near Limerick, Ireland, is the famed Cratloe castle, once the headquarters of Brian Boru, the warrior king who united Ireland in the 11th century, during his battles with the Danes. The castle is in complete ruins today, and serves only as a striking background for a peaceful rural scene.

SO THE PEOPLE MAY KNOW
Don't Be Fooled!

The future growth and development of Daly City are at stake in the election on November 2.

On that date, the people will vote on the approval of an ordinance, already passed by the city council and providing for the annexation of the 432-acre Westlake subdivision to the city.

This area lies west of Junipero Serra boulevard on either side of Alemany boulevard and extends to Skyline boulevard. It is now unimproved and uninhabited property.

This land can be annexed without cost to Daly City.

All improvements will be installed at no expense to Daly City.

More than 2,500 new detached homes will be built. Our city will expand almost half again its size, and our population will be almost doubled.

The city council has a written agreement with Mr. Henry Doelger, owner of the subdivision, on the terms of the annexation.

Mr. Doelger has built more than 10,000 homes and rental units in San Francisco and vicinity over a period of years. His reputation for honesty and integrity and fair-dealing is beyond reproach.

We had hoped to carry on the annexation campaign in a clean-cut manner, based on the merits of the proposition and without the injection of personalities or mud-slinging.

However, scurrilous pamphlets have been circulated under the names of Hugh H. Smith Jr. and Fred G. Klinger, purporting to be the officers of a so-called "Annexation Study Committee."

These pamphlets have attacked and abused our public officials and proponents of annexation. They deliberately misrepresent the facts and are designed to fool and confuse the voters.

However, we believe the voters are too intelligent to be fooled by such political bunk.

The pamphlets have stated that there is a "tie-in" between the recent school bond election and annexation. That is an absolute falsehood, and is intended to confuse you.

Schools are not under the jurisdiction of the city council. The school program is in the hands of the board of trustees of the Jefferson School District with the state department of education having the final word as to sites and buildings.

WOULD THE SELECTION OF A SCHOOL SITE IN THE ROCK QUARRY ON THE HILL, OWNED BY HUGH H. SMITH, HAVE CHANGED THE WHOLE PICTURE AS FAR AS OPPOSITION TO ANNEXATION IS CONCERNED BY SMITH JR. AND KLINGER, THE BROTHER-IN-LAW OF COUNCILMAN MELFORD BATTYE? HMMM?

Incidentally, it was at the request of Councilman Battye that the entire 432 acres of the Westlake subdivision was included for annexation, and not a much smaller area as originally proposed by Mr. Doelger.

WHO — AND WHAT — HAVE CHANGED COUNCILMAN BATTYE'S MIND ON ANNEXATION TODAY? HMMM?

The annexation of Westlake is vital to Daly City. We either go forward or we slip backward as we have been doing in recent years.

While other surrounding areas are annexing adjacent lands, Daly City has dropped from sixth to fourth in population.

We should annex Westlake now before homes are built and the land improved so that the area can be improved along modern constructive city planning lines under strict supervision and control of our city government.

All buildings will have to conform to our rigid city building law and rules, and streets, sewers and other public improvements must be laid out and installed according to city specifications.

Now is the time to act and acquire this important tract. If we wait and Westlake is developed first, we will never have any jurisdiction over the manner in which it is planned and developed.

AND REMEMBER THIS, TOO: IF DALY CITY FAILS TO ANNEX WESTLAKE NOW, THE AREA WILL BE DEVELOPED ANYWAY AND WILL PROBABLY JOIN THEN WITH BROADMOOR VILLAGE AND INCORPORATE AS A SEPARATE CITY.

Think this over, Mr. Voter. Help your city grow, and prosper.

Make Daly City a better place in which to work and live.

Don't be fooled by selfish and self-seeking political interests.

We have everything to gain by annexation. And everything to lose if we don't.

Protect the future of your family and yourself and your city.

Sewing Club Honors Mrs. Grace Coolish On 25th Anniversary

Mrs. Grace Coolish was presented with a gift of silver from the Royal Neighbors of America Sewing Club when it met last Friday. It was Mrs. Coolish's 25th wedding anniversary.

The club met at the home of Mrs. Agnes Wood, 39 Mission Circle. Others present were Mesdames Nellie Allen, Jerry Allen, Laurette Bertelli, Lillian Thomey, Anna Romer, Rhoda Rachor, Marie Thompson, Marie Ruecker, Elizabeth Sorenson, Mattie Putnam, Annie Smith, Johanna Hedvall, Grace Coolish, Lois Storm, Merle Taylor and Laura McKenzie.

The next club meeting, scheduled for October 15, has been cancelled because of the festival and street dance.

WALK—DON'T RUN

The pedestrian who dashes heedlessly into traffic puts even the most careful driver under a severe handicap, and places a fearful handicap on his own chances of survival.

Jefferson Union High school, 6696 Mission street.

- 7:30 p.m.—Regular meeting, Company No. 1, DCFD, 188 Santa Barbara avenue.

- 7:45 p.m.—Prayer and Praise Service, Grace Presbyterian church, Hanover and Evergreen.

- 7:45 p.m.—Weekly Prayer meeting, Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues.

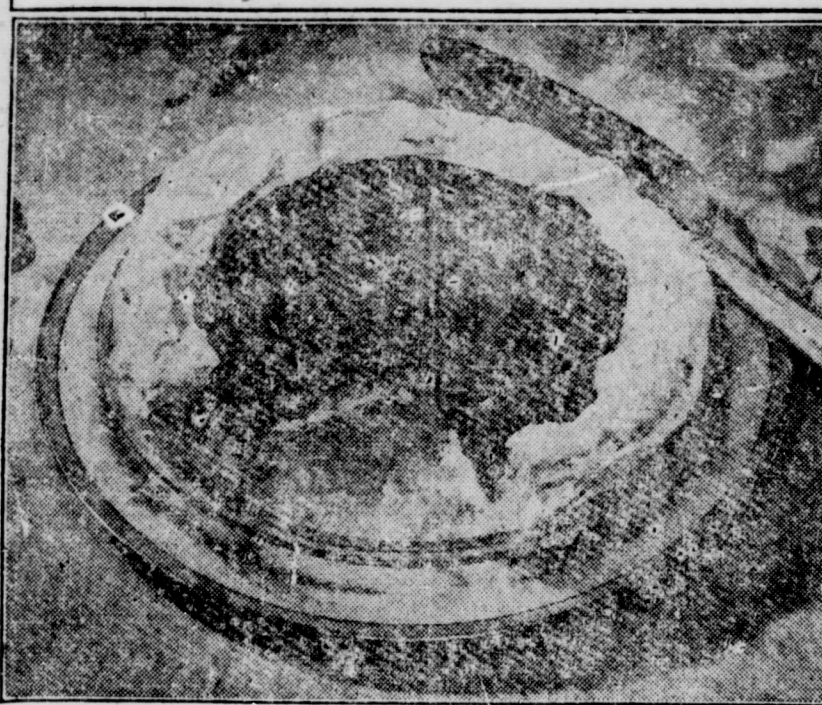

- 8 p.m.—Meeting, Colma Vista Grande Aerie Auxiliary No. 1848, FOE, 3346 San Jose avenue.

- 8 p.m.—Meeting, Daly City Unit No. 410, American Legion Auxiliary, Legion hall, 474 San Diego avenue.

- 8:15 p.m.—Regular meeting, El Carmelo Parlor No. 181, NDGW, Masonic temple, 17 Hillcrest drive.

- 8:30 p.m.—Regular meeting, Court St. Mary No. 1155, Catholic Daughters of America, Masonic temple, 17 Hillcrest drive.

An Angel of a Pie

By BETTY BARCLAY

An angel of a pie! Yes, and it's bound to make an angel of the most difficult child, too. This new food delicacy will satisfy everyone's "chocolate tooth".

It really looks like culinary magic but wait until you see how easily this chocolate masterpiece can be baked. Crisp nuts are folded into the meringue and baked as a crust. Then a sweet chocolate filling is added to complete a glamorous pie. Isn't that simple?

You'll be delighted the first time you try this new recipe and every time you bake the Chocolate Angel Pie you'll find your friends praising your baking ability. This recipe is flavor-tested and so easily prepared that we know you'll want to try it today.

Chocolate Angel Pie

- 2 egg whites
- 1/4 teaspoon salt
- 1/4 teaspoon cream of tartar
- 1/2 cup sifted granulated sugar

- 1/2 cup finely chopped walnut or pecan meats
- 1/2 teaspoon vanilla
- 1 package (1/4 pound) Baker's German's Sweet Chocolate
- 3 tablespoons water
- 1 teaspoon vanilla
- 1 cup cream, whipped

Beat egg whites with rotary egg beater until foamy, add salt and cream of tartar, and continue beating until mixture will stand in soft peaks. Add sugar gradually and continue beating until mixture is very stiff. Fold in nuts and 1/2 teaspoon vanilla. Turn into lightly greased 8-inch pie pan and make a nest-like shell, building sides up 1/2 inch above edge of pan. Bake in slow oven (300° F.) 50 to 55 minutes. Cool.

Place chocolate and water in saucepan over low heat. Stir until chocolate is melted. Cool until thickened. Then add 1 teaspoon vanilla and fold into whipped cream. Turn into meringue shell. Chill about 2 hours before serving. Makes 6 to 8 servings.

Woodchuck Cold-Blooded

Human beings do not sleep nearly as soundly or as long as many members of the animal kingdom. The woodchuck sleeps so soundly during his winter hibernation that only a small spark of life is kept flickering. Indeed, his temperature drops almost to freezing, and in very cold weather ice crystals may even form in his blood.

First Fish Eaters

The Persians started eating fish in about 3,000 B. C. The food value of fish was their secret for hundreds of years, until the Assyrians learned about the edibility of fish, and in time fish became one of the principal food items of ancient nations.

Re-Seeding Bluegrass Lawns

Re-seeding of established bluegrass lawns is usually a waste of seed and effort. Even a thin sward of old bluegrass plants keep young grass seedlings from living. If the grass is thin the mow should be set to cut high. Re-seeding is needed only in large bare spots or where it has been injured by a heavy growth of crabgrass.

White House Mail

Mail addressed to the White House gets closer scrutiny than other in the land. Secret service men, postal inspectors and the mail room staff of some 20 persons analyze every piece received and use fluoroscopes and X-ray machines on all packages that arrive.
